EXPLANATORY MEMORANDUM

This Explanatory Memorandum is intended to provide Shareholders with sufficient information to assess the merits of the Resolutions contained in the accompanying Notice of General Meeting of the Company.

Certain abbreviations and other defined terms are used throughout this Explanatory Memorandum. Defined terms are generally identifiable by the use of an upper case first letter. Details of the definitions and abbreviations are set out in the Glossary to the Explanatory Memorandum.

Background

The Company has launched, subject to certain Shareholder approvals, a \$260 million (before expenses) funding package, comprising:

- a conditional placement, to issue up to 558,139,535 Shares at an issue price of \$0.43 per Share to raise up to \$240 million (**Conditional Placement**), conditionally underwritten to \$55 million (increasing to up to \$70 million to the extent the Company and Underwriter agree to scale back Wroxby and/or AustralianSuper) under an underwriting agreement entered into between the Underwriter and the Company on 18 November 2021 (**Underwriting Agreement**); and
- a \$20 million SPP with the ability to accept oversubscriptions conditionally underwritten to \$20 million.

The participants in the Conditional Placement other than AustralianSuper, which has been in negotiations with the Company for some time, and Wroxby, whose participation was negotiated separately, will be determined through a bookbuild open to existing institutional and sophisticated Shareholders and potential institutional and sophisticated investors, the allocations for which will be determined by the Company in consultation with the Underwriter. Subject to the passing of Resolution 2, the Company will allocate \$55 million (increasing to up to \$70 million to the extent the Company and Underwriter agree to scale back Wroxby and/or AustralianSuper) under the Conditional Placement to new and existing Shareholder professional and sophisticated investors from a bookbuild process which the Company will undertake, and this portion of the Conditional Placement is conditionally underwritten by the Underwriter on the terms set out in this Explanatory Memorandum. The allocations to the participants under the bookbuild will be determined by the Company in consultation with the Underwriter.

The Company has also received commitments from the following persons to participate in the Conditional Placement:

- 1) AustralianSuper Pty Ltd as trustee for AustralianSuper (**AustralianSuper**) for \$75 million which it has committed (which can be scaled back to \$70 million to the extent the Company and Underwriter agree), subject to Shareholder approval of Resolutions 3 and 4;
- 2) Wroxby for \$110 million (which can be scaled back to \$100 million to the extent the Company and Underwriter agree), which it has committed as an existing substantial Shareholder, subject to Shareholder approval of Resolution 1;
- 3) Ryder for \$28.5 million, subject to Shareholder approval of Resolution 2 and the Underwriting Agreement not being terminated prior to the issue of Shares under the Conditional Placement; and

- 4) Sandon for \$3.5 million, subject to Shareholder approval of Resolution 2 and the Underwriting Agreement not being terminated prior to the issue of Shares under the Conditional Placement.

Under the Underwriting Agreement, the Underwriter also agrees to conditionally underwrite the SPP to \$20 million, subject to Shareholder approval of Resolution 6.

AustralianSuper arrangements

The Company has entered into various agreements with AustralianSuper as part of a funding package to introduce AustralianSuper as an institutional investor in the Company and provide the Company with further flexibility to access cash reserves over the next 12 months to assist in progressing the Project and derisking its development.

(a) Conditional Placement Agreement

As announced on 18 November 2021, the Company has entered into a Conditional Placement Agreement with AustralianSuper pursuant to which the Company agrees to issue, and AustralianSuper agrees to subscribe for, up to 174,418,605 Shares at an issue price of \$0.43 per Share under, and on the terms of, the Conditional Placement (**AustralianSuper Conditional Placement Agreement**). Under the AustralianSuper Conditional Placement Agreement, AustralianSuper's subscription for up to 174,418,605 Shares may be scaled back to 162,790,698 Shares (as a maximum scale back) in accordance with the final allocation policy post-bookbuild of the Placement. Shareholders should be aware, therefore, that the effect of Resolutions 3 or 4 not being passed is that the AustralianSuper Conditional Placement Agreement may be terminated by AustralianSuper. AustralianSuper will also be entitled to terminate the AustralianSuper Conditional Placement Agreement where the Company materially breaches the agreement, the Company is unable to issue the Shares the subject of Resolution 3 to AustralianSuper under the Conditional Placement, the Company warranties provided cease to be true and accurate in certain material respects or the Company is suspended from quotation for more than 5 business days.

Upon the issue of Shares under the AustralianSuper Conditional Placement Agreement, AustralianSuper will hold a relevant interest in up to 15.1% of the Company (in addition to any existing relevant interest).

(b) Subscription Agreement

The Company has also entered into a subscription agreement with AustralianSuper, pursuant to which the Company proposes to agree to issue three series of convertible notes to AustralianSuper (**Subscription Agreement**). If Resolutions 4 or 5 are not approved then the issue of the Series 1 Convertible Notes and the proposed issue of the Series 2 Convertible Notes and Series 3 Convertible Notes under the Subscription Agreement will not proceed.

(c) Series 1 Convertible Notes

Pursuant to the Subscription Agreement, in exchange for the Series 1 Convertible Notes proposed to be issued to AustralianSuper, AustralianSuper will transfer its existing holdings of 31,147,824 ordinary shares in Agrimin Limited (ACN 122 162 396) (ASX:AMN) (**AMN**) and 26,349,498 ordinary shares in Highfield Resources Limited (ACN 153 918 257) (ASX:HFR) (**HFR**) to the Company. Upon the

transfer, the Company expects to hold a relevant interest of 14.76% in AMN and 7.23% in HFR, based on the shares on issue at the date of this Notice.

Pursuant to the Subscription Agreement, the Company proposes to issue the Series 2 Convertible Notes where it draws on up to \$50 million prior to 30 September 2022 and to issue the Series 3 Convertible Notes where it draws on a further amount up to \$50 million prior to 31 December 2022. The proposed issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes is the subject of Resolution 5, which is conditional on the securities the subject of Resolutions 3 and 4 being issued and draw down. The issue and draw down of the Series 2 Convertible Notes and the Series 3 Convertible Notes is also conditional on the Company and AustralianSuper discussing and agreeing to such additional conditions to the issue of the relevant Series as the Company's Project financiers may reasonably require by 30 June 2022.

(e) Sub-underwriting agreement

As announced on 18 November 2021, the Company is implementing an SPP, under which it proposes to issue up to 46,511,628 Shares (with the capacity to accept over-subscriptions) at an issue price of \$0.43 per Share (**SPP**).

For entry into the subunderwriting agreement, the Underwriter has agreed to pay AustralianSuper a fee of 1% of the SPP Proceeds and in the event that AustralianSuper have shortfall securities allocated to it, and meets all of its obligations to subscribe for those shortfall securities, then 0.25% of the number of shortfall securities (if any) allocated to AustralianSuper multiplied by the fixed price per Share.

AustralianSuper has separately entered into a sub-underwriting agreement with the Underwriter, pursuant to which AustralianSuper agrees to sub-underwrite up to 46,511,628 Shares, representing \$20 million worth of Shares, under the SPP (**Sub-underwriting**). See the Explanatory Memorandum concerning Resolution 6 below.

1 Resolution 1 – Proposed issue of Shares to Wroxby (substantial Shareholder)

The Company intends to undertake the Conditional Placement (as described above).

As announced on 18 November 2021, the commitments and confirmations received for the Conditional Placement at the date of this Notice include Wroxby's commitment to subscribe for up to 255,813,953 Shares at an issue price of \$0.43 per Share to raise up to \$110 million (which can be scaled back to \$100 million to the extent the Company and Underwriter agree), subject only to Shareholder approval for the purposes of ASX Listing Rule 10.11. Funds raised will be used to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure.

Information Requirements - Listing Rules 10.11 and 10.13

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, the Company must not issue or agree to issue equity securities to:

- a related party (Listing Rule 10.11.1);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the Company (Listing Rule 10.11.2);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a Director to the Board pursuant to a relevant agreement which gives them a right or expectation to do so (Listing Rule 10.11.3);
- an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3 (Listing Rule 10.11.4);
or
- a person whose relationship with the Company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by Shareholders (Listing Rule 10.11.5),

unless it obtains the approval of its Shareholders.

The proposed issue of Shares to Wroxby pursuant to the Conditional Placement falls within Listing Rules 10.11.2 and 10.11.3 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

This Resolution 1 seeks Shareholder approval for the purposes of Listing Rule 10.11 and for all other purposes to allow Wroxby to participate in the proposed Conditional Placement by permitting it to subscribe for up to 255,813,953 Shares. Wroxby's participation will be on exactly the same terms as the Conditional Placement made to the Placees.

If this Resolution is passed, the Company will be able to proceed with the issue of Shares to Wroxby and the Company will raise up to \$110 million from the issue of Shares as a result of this Resolution 1 passing.

The impact of passing this Resolution on Wroxby's voting power in the Company in various scenarios, assuming it is issued 255,813,953 Shares is set out in the following table (which, in each circumstance, excludes 1,110,118 performance rights and 262,431 share rights for which the Company is seeking Shareholder approval at its Annual General Meeting to be held on 25 November 2021).

The table set out below assumes the following:

- 255,813,953 Shares are issued under Resolution 1;

- all Convertible Notes are fully drawn and converted at their maturity;
- 5% interest on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) accrues and is capitalised from the date of issue of those Convertible Notes until maturity;
- the establishment fee of 2% on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) is capitalised and accrues interest from the date of issue of those Convertible Notes until maturity;
- no Convertible Notes are redeemed for cash; and
- Wroxby does not participate in the SPP.

As at the date of this Notice

If this Resolution is not passed, the Company will not be able to proceed with the issue of Shares to Wroxby and will not receive the funds of up to \$110 million from Wroxby's subscription.

The following further information is provided to Shareholders for the purposes of Listing Rule 10.13:

- the Shares will be issued to Wroxby, as noted above;
- Wroxby is a substantial Shareholder for the purposes of Listing Rule 10.11;
- the Company will issue up to 255,813,953 Shares to Wroxby;
- the securities to be issued under this Resolution are fully paid ordinary shares in the Company;
- the Shares will be issued on a date which will be no later than 1 month after the date of this Meeting, unless otherwise extended by way of ASX granting a waiver to the Listing Rules;
- the Shares will be issued at an issue price of \$0.43 per Share;

¹ This assumes Resolutions 1, 2 and 3 are passed.

² This assumes Resolutions 1, 2, 3 and 6 are passed.

³ This assumes all Resolutions are passed and the Company obtains any required Shareholder approval under Listing Rule 7.1 or item 7 of section 611 of the Corporations Act for the conversion of the Convertible Notes to Shares.

- the Shares are being issued to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure. A total of up to \$110 million will be raised by the issue of the Shares to Wroxby;
- the Shares are issued under a standard AFMA confirm and commitment, subject to Shareholder approval under Listing Rule 10.11; and
- a voting exclusion statement applies to this Resolution as set out in the Notice of Meeting.

If approval is given for the grant of the Shares under Listing Rule 10.11, approval is not required under Listing Rule 7.1.

Board Recommendation

The Board recommends (with Mr Brian O'Donnell abstaining) that Shareholders vote in favour of Resolution 1.

2 Resolution 2 – Proposed issue of Shares to Placees

The Company is proposing to issue up to 162,790,698 Shares at an issue price of \$0.43 per Share to raise up to \$55 million to the Placees (increasing to up to \$70 million to the extent the Company and Underwriter agree to scale back Wroxby and/or AustralianSuper), conditionally underwritten by the Underwriter to \$55 million (increasing to up to \$70 million to the extent the Company and Underwriter agree to scale back Wroxby and/or AustralianSuper). The Placees will be determined through a bookbuild open to professional and sophisticated investors, some of whom are existing Shareholders and all of whom are unrelated parties of the Company. The allocations to the Placees will be determined by the Company in consultation with the Underwriter.

The Underwriter's obligation to underwrite the Conditional Placement the subject of this Resolution 2 is subject to satisfaction of a number of conditions precedent set out above, including the passing by Shareholders of Resolution 2.

Funds raised pursuant to the Conditional Placement will be used to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period. Additionally, the Company is seeking Shareholder approval under Listing Rule 7.1A at its Annual General Meeting to be held on 25 November 2021. Assuming Shareholder approval is obtained, the Company's 15% limit referred to above will be increased by an extra 10%, such that the Company can issue over any 12-month period up to 25% of the Shares it had on issue at the start of that period without the approval of its Shareholders (**Listing Rule 7.1A Mandate**). To be eligible to seek Shareholder approval under Listing Rule 7.1A, the Company must satisfy a number of conditions, including having a market capitalisation equal to or less than \$300,000,000 on the date of the Annual General Meeting. If the Company does not satisfy this condition, it will not seek Shareholder approval under Listing Rule 7.1A at the Annual General Meeting.

The proposed issue of Shares to Placees pursuant to the Conditional Placement does not fall within any of the exceptions set out in Listing Rule 7.2. While the proposed issue of Shares to the Placees may not exceed the 25% limit under its Listing Rule 7.1A Mandate and might therefore be made without breaching Listing Rule 7.1, the Company wishes to put the Conditional Placement to Shareholders, and retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1. To do this, the Company is asking Shareholders to approve the proposed issue of Shares to Placees pursuant to the

Conditional Placement under Listing Rule 7.1 so that it does not use up any of the 25% limit on issuing Equity Securities without Shareholder approval as set out in Listing Rule 7.1.⁴

To this end, Resolution 2 seeks Shareholder approval to the proposed issue of securities under and for the purposes of Listing Rule 7.1.

If this Resolution is passed:

- the issue of Shares to the sophisticated and professional investors selected by the Company in consultation with the Underwriter through a bookbuild process, who have committed to take Shares under the Conditional Placement (other than Wroxby and AustralianSuper) and to the extent those investors default in their settlement obligations, the Underwriter and any professional or sophisticated subunderwriters who have been selected by the Underwriter (**Placees**) pursuant to the Conditional Placement can proceed without using up any of the Company's 25% limit on issuing Equity Securities without Shareholder approval under Listing Rule 7.1;⁵
- the Company will issue up to a total of 162,790,698 Shares to the Placees;
- the Company's cash reserves will increase by up to \$70 million (before expenses); and
- the total number of Shares on issue will increase from 599,957,864 to up to 762,748,562 and the existing Shareholders' holdings will be diluted by 21.3%⁶ on an undiluted basis and 20.9% on a fully diluted basis.⁷

If this Resolution is not passed, the Company has determined that the proposed issue of Shares to the Placees pursuant to the Conditional Placement will not proceed.

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3:

- the Shares will be issued to Placees whose allocations were determined by the Company in consultation with the Underwriter, and as at the date of this Notice it is proposed that those Placees will include Sandon Capital Pty Ltd (which is a current substantial holder of the Company) and Ryder;
- the Company will issue up to 162,790,698 Shares;
- the Shares will be fully paid ordinary shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary shares on issue;
- the Shares will be issued no later than 3 months after the date of the Meeting;
- the Company will receive \$0.43 for each Share issued;
- the Shares are being issued to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure;
- the Shares should be issued under bookbuild confirmations and commitments entered into with the Underwriter in standard AFMA form, and some of the Shares may be issued to the

Board Recommendation

The Board recommends that Shareholders vote in favour of Resolution 2.

3 Resolution 3 – Proposed issue of Shares to AustralianSuper

The Company has entered into the AustralianSuper Conditional Placement Agreement pursuant to which AustralianSuper has agreed to subscribe for up to 174,418,605 Shares at an issue price of \$0.43 per Share to raise up to \$75 million under the Conditional Placement (which can be scaled back to \$70 million to the extent the Company and Underwriter agree), subject only to Shareholder approval for the purposes of ASX Listing Rule 7.1, as sought by Resolutions 3 and 4. The material terms of the AustralianSuper Conditional Placement Agreement are set out above and in the investor presentation released in connection with the Offer to ASX on 18 November 2021. Funds raised pursuant to this Resolution will be used to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period. As noted above, assuming Shareholder approval is obtained under Listing Rule 7.1A at the Annual General Meeting to be held on 25 November 2021, the Company's capacity will be increased such that it can issue over any 12-month period up to 25% of the Shares it had on issue at the start of that period without the approval of its Shareholders.

The proposed issue of Shares to AustralianSuper pursuant to the Conditional Placement does not fall within any of the exceptions set out in Listing Rule 7.2. While the proposed issue of Shares to AustralianSuper under the Conditional Placement may not exceed the 25% limit under its Listing Rule 7.1A Mandate (assuming it is approved at the Annual General Meeting) and might therefore be made without breaching Listing Rule 7.1, the Company wishes to put the issue of Shares to AustralianSuper under the Conditional Placement to Shareholders and retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1. To do this, the Company is asking Shareholders to approve the proposed issue of Shares to AustralianSuper so that it does not use up any of the 25% limit on issuing Equity Securities without Shareholder approval as set out in Listing Rule 7.1.⁸

To this end, Resolution 3 seeks Shareholder approval to the proposed issue of securities under and for the purposes of Listing Rule 7.1.

If this Resolution is passed, and Resolution 4 is also passed:

- the Conditional Placement of Shares to AustralianSuper can proceed without using up any of the Company's 25% limit on issuing Equity Securities without Shareholder approval under Listing Rule 7.1;⁹
- the Company will issue up to 174,418,605 Shares to AustralianSuper. To the extent the issue of Shares to AustralianSuper will result in a breach of section 606 of the Corporations Act, the issue of Shares will be scaled back to the extent that AustralianSuper is not in breach of Chapter 6 of the Corporations Act. In addition, pursuant to the AustralianSuper Conditional

⁸ This assumes that the Company obtains Shareholder approval under Listing Rule 7.1A at its Annual General Meeting. If such approval is not obtained, the Company will have a 15% limit on issuing Equity Securities without Shareholder approval.

Placement Agreement, AustralianSuper's subscription may be scaled back to 162,790,698 Shares (as a maximum scale back) in accordance with the final allocation policy post-bookbuild of the Placement.;

- the Company's cash reserves will increase by up to \$75 million (before expenses); and
- the total number of Shares on issue will increase from 599,957,864 to up to 774,376,469 and the existing Shareholders holdings will be diluted by 22.52%¹⁰ on an undiluted basis and 22.1% on a fully diluted basis.¹¹

The impact of passing this Resolution on AustralianSuper's voting power in the Company in various scenarios, assuming it is issued 174,418,605 Shares under the Conditional Placement is set out in the following table (which, in each circumstance, excludes 1,110,118 performance rights and 262,431 share rights for which the Company is seeking Shareholder approval at its Annual General Meeting to be held on 25 November 2021).

The table set out below assumes the following with respect to the Convertible Notes:

- AustralianSuper is issued the maximum number of Shares it has subscribed for and has not been scaled back by the Company;
- AustralianSuper does not participate in the SPP other than to the extent of the sub-underwriting;
- AusSuper subscribed for the maximum amount of 46,511,627 Shares under the SPP as part of its sub-underwriting;
- all Convertible Notes are fully drawn and converted at their maturity;
- 5% interest on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) accrues and is capitalised from the date of issue of those Convertible Notes until maturity;
- the establishment fee of 2% on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) is capitalised and accrues interest from the date of issue of those Convertible Notes until maturity; and
- no Convertible Notes are redeemed for cash.

- even if Resolution 5 passes, the relevant condition to the issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes that the securities the subject of Resolutions 3 and 4 be issued is very unlikely to be met and therefore the Series 2 Convertible Notes and the Series 3 Convertible Notes may not be issued.

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3:

- the Shares will be fully paid ordinary shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary shares on issue;

- the Shares are being issued to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure;
- the material terms of the AustralianSuper Conditional Placement Agreement are outlined above; and
- a voting exclusion applies in respect of this Resolution as set out in the Notice of Meeting.

Board Recommendation

The Board recommend that Shareholders vote in favour of Resolution 3.

4 Resolution 4 – Proposed issue of Series 1 Convertible Notes to AustralianSuper

As part of AustralianSuper's investment, the Company will acquire AustralianSuper's investments in emerging potash companies, Highfield Resources Limited (**HFR**) and Agrimin Limited (**AMN**), funded by a series of convertible notes to be issued to AustralianSuper. The Company has also advanced negotiations on a termsheet for a \$40 million corporate debt facility from a tier 1 international bank, secured against the Company's iron ore revenues from the Iron Valley mine.

The Company has entered into the Subscription Agreement with AustralianSuper pursuant to which AustralianSuper will be issued up to 46,662,048 Series 1 Convertible Notes on the terms set out on pages 15 to 20 (**Series 1 Convertible Notes**).

As noted above, the Series 1 Convertible Notes are proposed to be issued by the Company in exchange for AustralianSuper transferring its existing holdings of 31,147,824 ordinary shares in Agrimin Limited (ACN 122 162 396) (**AMN**) and 26,349,498 ordinary shares in Highfield Resources Limited (ACN 153 918 257) (**HFR**) (**Transfer**).

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period. As noted above, assuming Shareholder approval is obtained under Listing Rule 7.1A at the Annual General Meeting to be held on 25 November 2021, the Company's capacity will be increased such that it can issue over any 12-month period up to 25% of the Shares it had on issue at the start of that period without the approval of its Shareholders.

The proposed issue of the Series 1 Convertible Note does not fall within any of the exceptions set out in Listing Rule 7.2 and exceeds the 25% limit under the Company's Listing Rule 7.1A Mandate. It therefore requires the approval of the Shareholders under Listing Rule 7.1.²⁰

Resolution 4 seeks the required Shareholder approval for the proposed issue of the Series 1 Convertible Notes under and for the purposes of Listing Rule 7.1.

If Resolution 4 is passed, and Resolution 3 is also passed:

- the Company will be able to proceed with the Transfer and the issue of the Series 1 Convertible Notes to AustralianSuper; and
- the Company will acquire 31,147,824 AMN ordinary shares and 26,349,498 HFR ordinary shares.

If the Series 1 Convertible Notes convert to Shares, the total number of Shares on issue will increase from 599,957,864 to 646,619,912 and the existing Shareholders holdings will be diluted by 7.2%²¹ on an undiluted basis and 7.0% on a fully diluted basis.²² If additional Shares are required to be issued due to adjustments in the Conversion Price, the Company will seek to issue those Shares utilising its placement capacity at the relevant time.

In addition, the Series 1 Convertible Notes to be issued, and any Shares which will be issued on conversion of the Series 1 Convertible Notes, will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 4 is not passed:

- the Company will not be able to issue the Series 1 Convertible Notes to AustralianSuper;
- the Company will not acquire the AMN or HFR ordinary shares pursuant to the Transfer;
- Resolution 3 cannot be passed, as it is conditional on Resolution 4 being passed; and
- even if Resolution 5 passes, the relevant condition to the issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes that the securities the subject of Resolutions 3 and 4 be issued is very unlikely to be met and therefore the Series 2 Convertible Notes and the Series 3 Convertible Notes may not be issued.

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3:

- the Series 1 Convertible Notes, and any Shares to be issued on their conversion, may be issued to AustralianSuper;
- the Company will issue up to 46,662,048 Series 1 Convertible Notes, and up to that number of Shares on their conversion, subject to final adjustments made at conversion (please refer to the table above);

²⁰ This assumes that the Company obtains Shareholder approval under Listing Rule 7.1A at its Annual General Meeting. If such approval is not obtained, the Company will have a 15% limit on issuing Equity Securities without Shareholder approval, and the proposed issue of the Series 1 Convertible Notes would also exceed that limit.

²¹ Based on current Shares on issue, and assuming no Shares have been issued pursuant to the Offer, and that 46,662,048 Shares are issued upon the conversion of the Series 1 Convertible Notes.

²² Based on current fully diluted shares on issue of 615,280,516, and assuming no Shares have been issued pursuant to the Offer, and that 46,662,048 Shares are issued upon the conversion of the Series 1 Convertible Notes.

- the Shares to be issued on conversion of the Series 1 Convertible Notes will be fully paid ordinary shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary shares on issue;
- the Series 1 Convertible Notes will be issued no later than 3 months after the date of the Meeting;
- the Series 1 Convertible Notes are being issued in consideration for the Transfer;
- the material terms of the Subscription Agreement are set out above; and
- a voting exclusion applies in respect of this Resolution as set out in the Notice of Meeting.

Board Recommendation

The Board recommend that Shareholders vote in favour of Resolution 4.

5 Resolution 5 – Proposed issue of Series 2 Convertible Notes and Series 3 Convertible Notes to AustralianSuper

As set out above, the Company has entered into the Subscription Agreement with AustralianSuper pursuant to which AustralianSuper may (subject to certain conditions) be issued up to 80,192,462 Series 2 Convertible Notes and up to 80,192,462 Series 3 Convertible Notes, based on the maximum total initial face value of \$50 million for each series. The agreement is subject to Shareholder approval under Listing Rule 7.1.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period. As noted above, assuming Shareholder approval is obtained under Listing Rule 7.1A at the Annual General Meeting to be held on 25 November 2021, the Company's capacity will be increased such that it can issue over any 12-month period up to 25% of the Shares it had on issue at the start of that period without the approval of its Shareholders.

The proposed issue of the Series 2 Convertible Notes and Series 3 Convertible Notes to AustralianSuper does not fall within any of the exceptions set out in Listing Rule 7.2 and exceeds the 25% limit under the Company's Listing Rule 7.1A Mandate.²³ The Company is therefore seeking the approval of the Shareholders under Listing Rule 7.1 to issue the Series 2 Convertible Notes and Series 3 Convertible Notes.

Resolution 5 seeks the required Shareholder approval for the proposed issue.

If Resolution 5 is passed:

- the Company will be able to proceed with the issue, and subject to the terms of that agreement, including the conditions precedent outlined above, the Company may issue those Convertible Notes;
- the Company's cash reserves may increase by up to \$50 million (before expenses) upon any draw down and the issue of the Series 2 Convertible Notes and up to \$50 million (before expenses) upon any draw down and the issue of the Series 3 Convertible Notes; and
- if draw down and issue becomes unconditional, and to the extent each series of Convertible Notes are fully drawn and run for their full term and the Company does not redeem any portion

²³ This assumes that the Company obtains Shareholder approval under Listing Rule 7.1A at its Annual General Meeting. If such approval is not obtained, the Company will have a 15% limit on issuing Equity Securities without Shareholder approval, and the proposed agreement to issue the Series 2 Convertible Notes and Series 3 Convertible Notes would also exceed that limit.

of the Series 2 Convertible Notes or Series 3 Convertible Notes for cash, then the total number of Equity Securities on issue will be increased by the Series 2 Convertible Notes and the Series 3 Convertible Notes; if those Convertible Notes convert, Shares on issue may increase from 599,957,864 to up to 844,002,692 and the existing Shareholders holdings will be diluted by 28.9%²⁴ on an undiluted basis and 28.4% on a fully diluted basis.²⁵

In addition, the Series 2 Convertible Notes and the Series 3 Convertible Notes, and any Shares to be issued on their conversion, will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1, subject to any additional approvals which may be required under Listing Rule 7.1 and under item 7 of section 611 of the Corporations Act being obtained.

If Resolution 5 is not passed the Company will not proceed with the proposed issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes following this Meeting, but may seek further Shareholder approval for the issue of the Series 2 Convertible Notes and Series 3 Convertible Notes at a future time, and in any event, before 30 September 2022 for the Series 2 Convertible Notes and before 31 December 2022 for the Series 3 Convertible Notes.

The following information in relation to the proposed issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes is provided to Shareholders for the purposes of Listing Rule 7.3:

- the Series 2 Convertible Notes and Series 3 Convertible Notes, and any Shares to be issued on their conversion, will be issued to AustralianSuper;
- the Company will receive up to \$100 million on draw down of the Series 2 Convertible Notes and Series 3 Convertible Notes. Funds raised will be used to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure;
- the Company will issue up to 80,192,462 Series 2 Convertible Notes and 80,192,462 Series 3 Convertible Notes, and up to 244,044,828 Shares on their conversion (being up to 122,022,414 Shares and 122,022,414 Shares for the Series 2 Convertible Notes and the Series 3 Convertible Notes respectively), which is based on the maximum total initial face value of \$50 million for each series, and the initial conversion price²⁶. If additional Shares are required to be issued due to adjustments in the Conversion Price, the Company will seek to issue those Shares utilising its placement capacity at the relevant time;
- the Shares to be issued on conversion of the Series 2 Convertible Notes and Series 3 Convertible Notes will be fully paid ordinary shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary shares on issue;
- the proposed issue of the Series 2 Convertible Notes and the Series 3 Convertible Notes will occur no later than 3 months after the date of the Meeting, subject to receipt of any waiver from ASX (which the Company has applied for at the date of this Notice);

²⁴ Based on current Shares on issue, and assuming no Shares have been issued pursuant to the Offer or the Series 1 Convertible Note, and that 244,044,828 Shares are issued upon the conversion of the Series 2 Convertible Notes and the Series 3 Convertible Notes.

²⁵ Based on current fully diluted shares on issue of 615,280,516, and assuming no Shares have been issued pursuant to the Offer or the Series 1 Convertible Note, and that 244,044,828 Shares are issued upon the conversion of the Series 2 Convertible Notes and the Series 3 Convertible Notes.

²⁶ This assumes 5% interest on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) accrues and is capitalised from the date of issue of those Convertible Notes until maturity, the establishment fee of 2% on the Series 2 Convertible Notes and Series 3 Convertible Notes (as applicable) is capitalised and accrues interest from the date of issue of those Convertible Notes until maturity, and none of those Convertible Notes are redeemed for cash.

- the material terms of the Subscription Agreement are set out above; and
- a voting exclusion applies in respect of this Resolution as set out in the Notice of Meeting.

Board Recommendation

The Board recommends that Shareholders vote in favour of Resolution 5.

6 Resolution 6 – Proposed issue of SPP Shares to the Underwriter or AustralianSuper

On 18 November 2021, the Company announced the SPP, which is conditionally underwritten by the Underwriter to \$20 million pursuant to the Underwriting Agreement. The Underwriter has entered into a sub-underwriting agreement with AustralianSuper, under which AustralianSuper has subunderwritten the SPP, such that to the extent the SPP raises less than \$20 million the shortfall will be placed to AustralianSuper and AustralianSuper will subscribe for up to 46,511,628 Shares at an issue price of \$0.43 per Share. The Underwriting Agreement (as it relates to the underwriting of the SPP portion) and the subunderwriting agreement are conditional on Resolution 6 being passed.

Funds raised pursuant to the SPP will be used to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without the approval of its Shareholders over any 12-month period to 15% of the Shares it had on issue at the start of that period. As noted above, assuming Shareholder approval is obtained under Listing Rule 7.1A at the Annual General Meeting to be held on 25 November 2021, the Company's capacity will be increased such that it can issue over any 12-month period up to 25% of the Shares it had on issue at the start of that period without the approval of its Shareholders.

The proposed issue of Shares to the Underwriter or AustralianSuper pursuant to the Underwriting Agreement and the sub-underwriting agreement between the Underwriter and AustralianSuper will not fall within any of the exceptions set out in Listing Rule 7.2 (Shares taken up by SPP participants are subject to an exception but issue of the shortfall to any underwriter or subunderwriter is not). While the proposed issue of Shares to the Underwriter or AustralianSuper does not alone exceed the 25% limit under the Company's Listing Rule 7.1A Mandate and can therefore be made without breaching Listing Rule 7.1, the Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1, and would like to put the overall participation of AustralianSuper to Shareholders. To do this, the Company is asking Shareholders to approve the proposed issue of Shares pursuant to the Underwriter or AustralianSuper under Listing Rule 7.1 so that it does not use up any of the 25% limit on issuing Equity Securities without Shareholder approval as set out in Listing Rule 7.1.²⁷

To this end, Resolution 6 seeks Shareholder approval to the proposed issue of securities under and for the purposes of Listing Rule 7.1.

If this Resolution is passed:

- the issue of any SPP shortfall to the Underwriter or AustralianSuper as subunderwriter can proceed without using up any of the Company's 25% limit on issuing Equity Securities without Shareholder approval under Listing Rule 7.1;²⁸

²⁷ This assumes that the Company obtains Shareholder approval under Listing Rule 7.1A at its Annual General Meeting. If such approval is not obtained, the Company will have a 15% limit on issuing Equity Securities without Shareholder approval.

²⁸ This assumes that the Company obtains Shareholder approval under Listing Rule 7.1A at its Annual General Meeting. If such approval is not obtained, the Company will have a 15% limit on issuing Equity Securities without Shareholder approval.

- the Company will issue up to a maximum of 46,511,628 Shares to the Underwriter or AustralianSuper (assuming there is no SPP take up);
- the Company's cash reserves will increase by up to \$20 million (before expenses); and
- the total number of Shares on issue will increase from 599,957,864 to 646,469,492 and the existing Shareholders holdings will be diluted by 7.2%²⁹ on an undiluted basis and 7.0% on a fully diluted basis.³⁰

If this Resolution is not passed, any SPP shortfall will not be underwritten.

The following information in relation to the Shares to be issued is provided to Shareholders for the purposes of Listing Rule 7.3:

- the Shares will be issued to the Underwriter or to AustralianSuper as subunderwriter;
- the Company will issue up to 46,511,628 Shares to the Underwriter or AustralianSuper;
- the Shares will be fully paid ordinary shares in the capital of the Company and rank equally in all respects with the existing fully paid ordinary shares then on issue;
- the Shares will be issued no later than 3 months after the date of the Meeting;
- the Company will receive \$0.43 for each Share issued;
- the Shares are being issued to fund pre-development costs, capex costs of the construction of the Project assets, funding costs (including costs of the Offer and interest on Project debt) and pre-production operational expenditure;
- the material terms of the Underwriting Agreement and subunderwriting agreement are set out above; and
- a voting exclusion applies in respect of this Resolution as set out in the Notice of Meeting.

Board Recommendation

The Board recommends that Shareholders vote in favour of Resolution 6.

²⁹ Based on current Shares on issue, and assuming no Shares have been issued pursuant to the Offer, and that 46,511,627 Shares are issued pursuant to the SPP.

³⁰ Based on current fully diluted shares on issue of 615,280,516, and assuming no Shares have been issued pursuant to the Offer, and that 46,511,627 Shares are issued pursuant to the SPP.

Attachment A – Convertible Note adjustment rules

1 Rules

1.1 General

The Adjustment Rules are subject to compliance with all applicable laws and the ASX Listing Rules (including, where necessary any confirmation in respect of, or waiver of, the ASX Listing Rules or the seeking of shareholder approval if required).

1.2 Consolidation, subdivision etc

If and whenever there is an alteration to the number of Shares on issue as a result of consolidation, subdivision or reclassification, the conversion price shall be adjusted by multiplying the conversion price in force immediately before such alteration by the following fraction:

$$\frac{A}{B}$$

where:

- A is the number of Shares on issue immediately before such consolidation, subdivision or reclassification; and
- B is the number of issued Shares immediately after, and as a result of, such consolidation, subdivision or reclassification.

Such adjustment shall become effective on the date the consolidation, subdivision or reclassification takes effect.

1.3 Issue of Shares by way of capitalisation of profits or reserves

If and whenever the Company issues any Shares credited as fully paid to its Shareholders by way of capitalisation of profits or reserves including Shares paid up out of distributable profits or reserves (save where Shares are issued in lieu of the whole or any part of a specifically declared cash dividend (the **Relevant Cash Dividend**), being a dividend which the Shareholders concerned would or could otherwise have elected to receive (a **Scrip Dividend**)) and which would not have constituted a Capital Distribution, the conversion price shall be adjusted by multiplying the conversion price in force immediately before such issue by the following fraction:

$$\frac{A}{B}$$

where:

- A is the aggregate number of Shares on issue immediately before such issue; and
- B is the aggregate number of Shares on issue immediately after such issue.

In the case of an issue of Shares by way of a Scrip Dividend where the Current Market Price of such Shares on the day before such Scrip Dividend is declared exceeds 105% of the amount of the Relevant Cash Dividend or the relevant part thereof and which would not have constituted a Capital Distribution, the conversion price shall be adjusted by multiplying the conversion price in force immediately before the issue of such Shares by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A is the aggregate number of issued Shares immediately before such issue;
- B is the aggregate number of Shares issued by way of such Scrip Dividend multiplied by a fraction of which (i) the numerator is the amount of the whole, or the relevant part, of the Relevant Cash Dividend and (ii) the denominator is the Current Market Price on the day before such Scrip Dividend is declared of the Shares issued by way

of Scrip Dividend in respect of each existing Share in lieu of the whole, or the relevant part, of the Relevant Cash Dividend; and

C is the aggregate number of Shares issued by way of such Scrip Dividend,

or by making such other adjustment as two Independent Financial Institutions shall certify to the noteholder is fair and reasonable.

Such adjustment under this Rule 1.3 shall become effective on the date of issue of such Shares or if a record date is fixed therefore, immediately after such record date.

1.4 Capital Distribution

If and whenever the Company shall pay or make any Capital Distribution (except where the Conversion Price fails to be adjusted under Rule 1.3), the conversion price shall be adjusted by multiplying the conversion price in force immediately prior to the Effective Date by the following fraction:

$$\frac{A - B}{A}$$

where:

A is the Current Market Price of one Share on the last Trading Day preceding the Effective Date; and

B is the portion of the Fair Market Value of the aggregate Capital Distribution attributable to one Share, with such portion being determined by dividing the Fair Market Value of the aggregate Capital Distribution by the number of Shares entitled to receive the relevant Capital Distribution (or, in the case of a purchase, redemption or buy-back of Shares or any depository or other receipts or certificates representing Shares by or on behalf of the Company or any other member of the Group, by the number of Shares in issue immediately following such purchase, redemption or buy back and treating as not being in issue any Shares or any Shares represented by depository or other receipts or certificates, purchased, redeemed or bought back).

Such adjustment shall become effective on the Effective Date, or if later, the first date upon which the Fair Market Value of the relevant Capital Distribution is capable of being determined as provided herein.

1.5 Discounted rights issues in respect of Shares or rights to acquire Shares

Except where the Conversion Price fails to be adjusted under Rule 1.3, if and whenever the Company shall issue Shares to all or substantially all Shareholders as a class by way of rights, or issue or grant to all or substantially all Shareholders as a class, by way of rights, of options, warrants or other rights to subscribe for or purchase or otherwise acquire any Shares, in each case at less than 95% of the Current Market Price per Share on the last Trading Day preceding the date of the announcement of the terms of such issue or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A + B}{A + C}$$

where:

A is the number of Shares on issue immediately before such announcement;

- B is the number of Shares which the aggregate amount (if any) payable for the Shares issued by way of rights or for the options or warrants or other rights issued by way of rights and for the total number of Shares comprised therein would purchase at such Current Market Price per Share; and
- C is the aggregate number of Shares issued or, as the case may be, comprised in the issue or grant.

Such adjustment shall become effective on the date of issue of such Shares or issue or grant of such options, warrants or other rights (as the case may be) or where a record date is set, the first date on which the Shares are traded ex-rights, ex-options or ex-warrants (as the case may be).

1.6 Discounted rights issues in respect of other securities

If and whenever the Company shall issue any securities (other than Shares or options, warrants or other rights to subscribe for, purchase or otherwise acquire Shares) to all or substantially all Shareholders as a class, by way of rights, or the grant to all or substantially all Shareholders as a class by way of rights, of any options, warrants or other rights to subscribe for, purchase or otherwise acquire, any securities (other than Shares or options, warrants or other rights to subscribe for, or purchase Shares or otherwise acquire Shares), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A - B}{A}$$

where:

- A is the Current Market Price of one Share on the last Trading Day immediately preceding the date on which Shares are traded on ASX ex-rights, ex-options or ex-warrants (the 'ex-date'); and is the Current Market Price of one Share on the last Trading Day immediately preceding the date on which Shares are traded on ASX ex-rights, ex-options or ex-warrants (the 'ex-date'); and
- B is the Fair Market Value on the date immediately preceding the ex-date of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the date of issue of the securities or grant of such rights, options or warrants (as the case may be) or where a record date is set, the first date on which Shares are traded ex-rights, ex-options or ex-warrants (as the case may be).

1.7 Issue of Shares or rights to acquire Shares at a discount (other than by way of rights)

If and whenever the Company shall issue (otherwise than as mentioned in Rule 1.5) any Shares (other than Shares issued on the exercise of the noteholder's conversion right or on the exercise of any other rights of conversion into, or exchange or subscription for or purchase of, Shares) or shall issue or grant (otherwise than as mentioned in Rule 1.5) any options, warrants or other rights to subscribe for, purchase or otherwise acquire Shares, in each case at a price per Share which is less than 95% of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of such issue, the conversion price shall be adjusted by multiplying the conversion price in force immediately before such issue by the following fraction:

$$\frac{A + B}{C}$$

where:

- A is the number of Shares in issue immediately before the issue of such additional Shares or the issue or grant of such options, warrants or other rights to subscribe for, purchase or otherwise acquire Shares;
- B is the number of Shares which the aggregate consideration (if any) receivable for the issue of such additional Shares, or for the Shares to be issued on exercise of such option, warrants or other rights to subscribe for Shares, would purchase at such Current Market Price per Share; and
- C is the number of Shares in issue immediately after the issue of such additional Shares or which would be in issue immediately after the exercise of such options, warrants or other rights to subscribe for Shares.

Provided that if at the time of issue or grant of any such options, warrants or rights (as used in this Rule 1.7, the **Specified Date**) such number of Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time (which may be when such rights of subscription are exercised or at such other time as may be provided) then for the purposes of this Rule 1.7, 'C' shall be determined by application of such formula or variable feature or as if the relevant event occurs or has occurred as at the Specified Date and as if such conversion, exchange, subscription or purchase had taken place on the Specified Date.

Such adjustment shall become effective on the date of issue of such additional Shares or, as the case may be, the grant of any such options, warrants or other rights.

1.8 Issue of convertible or exchangeable securities

Save in the case of an issue of securities arising from a conversion or exchange of other securities in accordance with the terms applicable to such securities themselves falling within the provisions of this Rule 1.8, in the event of the issue by the Company or any other member of the Group (otherwise than as mentioned in Rules 1.5, 1.6 or 1.7) or (at the direction or request of or pursuant to any arrangements with the Company or any member of the Group) by any other company, person or entity of any securities which by their terms of issue carry rights of conversion into, or exchange or subscription for, Shares to be issued by the Company upon conversion, exchange or subscription at a consideration per Share which is less than 95% of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of issue of such securities, the conversion price shall be adjusted by multiplying the conversion price in force immediately before such issue by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A is the number of Shares in issue immediately before such issue;
- B is the number of Shares which the aggregate consideration receivable by the Company for the Shares to be issued on conversion or exchange or on exercise of the right of subscription attached to such securities would purchase at such Current Market Price per Share; and
- C is the maximum number of Shares to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the initial conversion, exchange or subscription price or rate.

Provided that if at the time of issue of the relevant securities or date of grant of such rights (as used in this Rule 1.8, the **Specified Date**) such number of Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time (which may be when such securities are exchanged or rights of subscription are exercised or, as the case may be, such securities are re-designated or at such other time as may be provided) then for the purposes of this Rule 1.8, 'C' shall be determined by application of such formula or variable feature or as if the relevant event occurs or has occurred as at the Specified Date and as if such conversion, exchange, subscription, purchase or acquisition or, as the case may be, re-designation had taken place on the Specified Date.

Such adjustment shall become effective on the date of issue of such securities.

1.9 Modification of rights of convertible or exchangeable securities

In the event of any modification of the rights of conversion, exchange or subscription attaching to any such securities as are mentioned in Rule 1.8 (other than in accordance with the terms applicable to such securities) so that the consideration per Share (for the number of Shares available on conversion, exchange or subscription following the modification) is less than 95 per cent of the Current Market Price on the last Trading Day preceding the date of announcement of the proposals for such modification, the conversion price shall be adjusted by multiplying the conversion price in force immediately before such modification by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A is the number of Shares in issue immediately before such modification;
- B is the number of Shares which the aggregate consideration (if any) receivable by the Company for the Shares to be issued, or otherwise made available, on conversion or exchange or on exercise of the right of subscription attached to the securities, in each case so modified, would purchase at such Current Market Price per Share or, if lower, the existing conversion, exchange or subscription price of such securities; and
- C is the maximum number of Shares to be issued, or otherwise made available, on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the modified conversion, exchange, subscription or purchase price or rate but giving credit in such manner as an Independent Financial Institution considers appropriate (if at all) for any previous adjustment under this Rule 1.9 or Rule 1.8.

Provided that if at the time of issue of the relevant securities or date of grant of such rights (as used in this Rule 1.9, the **Specified Date**) such number of Shares is to be determined by reference to the application of a formula or other variable feature or the occurrence of any event at some subsequent time (which may be when such securities are exchanged or rights of subscription are exercised or, as the case may be, such securities are re-designated or at such other time as may be provided) then for the purposes of this Rule 1.9, 'C' shall be determined by application of such formula or variable feature or as if the relevant event occurs or has occurred as at the Specified Date and as if such conversion, exchange, subscription, purchase or acquisition or, as the case may be, re-designation had taken place on the Specified Date.

Such adjustment shall become effective on the date of modification of the rights of conversion, exchange or subscription attaching to such securities.

1.10 Issue of securities in connection with an offer by or on behalf of the Company

In the event of any issue, sale or distribution by or on behalf of the Company or any other member of the Group or (at the direction or request of or pursuant to any arrangements with the Company or any other member of the Group) any other company, person or entity of any securities in connection with an offer by or on behalf of the Company or any other member of the Group or such other company, person or entity pursuant to which offer the Shareholders generally are entitled to participate in arrangements whereby such securities may be acquired by them, then (except where the conversion price fails to be adjusted under Rules 1.5, 1.6, 1.7 or 1.8) the conversion price shall be adjusted by multiplying the conversion price in force immediately before such issue by the following fraction:

$$\frac{A - B}{A}$$

where:

- A is the Current Market Price of one Share on the last Trading Day preceding the date on which such issue, sale or distribution is publicly announced; and
- B is the Fair Market Value on the date of such announcement of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the date of issue, sale or distribution of the securities.

- (b) one or more events or circumstances not referred to in any Adjustment Rules set out in Rule 1 or Rule 2 have occurred which have or would have an effect on the position of the noteholder as a class compared with the position of the holders of Shares, taken as a class (including, without limitation, any demerger, spin-off or similar arrangement in respect of any business of the Group),

then, in any such case, the Company shall promptly:

- (i) notify the Noteholder in writing thereof;
