### Ranger Mine Closure Interim Payment Request Application

**2 November 2022**

Energy Resources of Australia Ltd (ERA) has received confirmation from the Commonwealth, that its application for a Ranger Mine Closure Interim Payment from the Ranger Rehabilitation Trust Fund has been approved by the Minister for Resources and Minister for Northern Australia.

The application relates to rehabilitation activities that have already been completed at Ranger for the period 9 January 2021 to 30 June 2022. The interim drawdown amount is \$56.8 million and ERA expects to receive these funds in November 2022. After drawdown, the sum of \$481 million will remain in the Ranger Rehabilitation Trust Fund.

ERA appreciates the support it has received from both the Minister and the Department of Industry Science and Resources in evaluating the interim drawdown request and working collaboratively to support our goal of world class rehabilitation of the Ranger Project Area.

This announcement was authorised by the Board.

## **About Energy Resources Australia Ltd**

Energy Resources of Australia Ltd (ERA) has been one of the nation's largest uranium producers and operated Australia's longest continually producing uranium mine.

After closure of the Ranger Mine in 2021, ERA is now committed to creating a positive legacy and achieving world class, sustainable rehabilitation of former mine assets.

The Ranger Rehabilitation Project is located on Aboriginal land and are surrounded by, but separate from, Kakadu National Park. ERA respectfully acknowledges the Mirarr people, Traditional Custodians of the land on which the Ranger Project Area is situated.

ERA's Ranger Project Area (100%) is located eight kilometres east of Jabiru and 260 kilometres east of Darwin, in Australia's Northern Territory. ERA also holds title to the Jabiluka Mineral Lease (100%) and is a signatory to the Long Term Care and Maintenance Agreement over the Jabiluka Mineral Lease.
