

ASX Announcement

Atomic Energy Act Amendments Bill

24 November 2022

Energy Resources of Australia Ltd (**ERA**) welcomes the passing of the Atomic Energy Act Amendments Bill 2022 on 24 November 2022.

The Bill will allow ERA to apply to extend its existing Ranger authority beyond the current January 2026 deadline, so that the rehabilitation of Ranger Mine can continue until the rehabilitation process is complete.

ERA thanks the Mirarr Traditional Owners and the Northern Land Council for their cooperation and support in the passage of the Bill.

This announcement is authorised by the Board.

About Energy Resources Australia Ltd

Energy Resources of Australia Ltd (ERA) has been one of the nation's largest uranium producers and operated Australia's longest continually producing uranium mine.

After closure of the Ranger Mine in 2021, ERA is now committed to creating a positive legacy and achieving world class, sustainable rehabilitation of former mine assets.

The Ranger Rehabilitation Project is located on Aboriginal land and are surrounded by, but separate from, Kakadu National Park. ERA respectfully acknowledges the Mirarr people, Traditional Custodians of the land on which the Ranger Project Area is situated.

ERA's Ranger Project Area (100%) is located eight kilometres east of Jabiru and 260 kilometres east of Darwin, in Australia's Northern Territory. ERA also holds title to the Jabiluka Mineral Lease (100%) and is a signatory to the Long Term Care and Maintenance Agreement over the Jabiluka Mineral Lease.
