

ASX Announcement

Jabiluka Lease Renewal Update

26 July 2024

Energy Resources of Australia Ltd (**ERA**) refers to its application for the renewal of the Jabiluka Mineral Lease (MLN1) as announced on 20 March 2024.

ERA notes the announcement released by the NT government today, advising that based on advice from the Federal Government, the Jabiluka Mineral Lease will not be renewed. ERA is disappointed with the decision and assessing the options available.

ERA will keep shareholders updated in relation to any material developments.

This announcement is authorised by the Disclosure Committee.

About Energy Resources Australia Ltd

Energy Resources of Australia Ltd (ERA) has been one of the nation's largest uranium producers and operated Australia's longest continually producing uranium mine.

After closure of the Ranger Mine in 2021, ERA is now committed to creating a positive legacy and achieving world class, sustainable rehabilitation of former mine assets.

The Ranger Rehabilitation Project is located on Aboriginal land and is surrounded by, but separate from, Kakadu National Park. ERA respectfully acknowledges the Mirarr people, Traditional Custodians of the land on which the Ranger Project Area is situated.

ERA's Ranger Project Area (100%) is located eight kilometres east of Jabiru and 260 kilometres east of Darwin, in Australia's Northern Territory. ERA also holds title to the Jabiluka Mineral Lease (100%) and is a signatory to the Long Term Care and Maintenance Agreement over the Jabiluka Mineral Lease.
