REVIEW OF OPERATIONS

Resonance Health Limited (formerly GEO2 Limited) has undergone a considerable period of transformation and activity in the six months to 31 December 2003.

In August 2003, the company announced that it intended to acquire 100% of IVB Holdings Pty Ltd, which in turn has a 51% controlling interest in Inner Vision Biometrics Pty Ltd (IVB). IVB owns and is commercialising the FerriScan technology – a novel, non-invasive technology for the diagnosis and monitoring of iron overload diseases.

Following agreement by the shareholders of the company at a general meeting on 14 October 2003, the name of the company was changed from GEO2 Limited to **Resonance Health Limited** to reflect the change of focus and major activity of the company and shareholders agreed to consolidate the existing number of ordinary shares on issue on a 10 for 1 basis to reflect the transformation of the company.

On 6 October 2003 the company issued a prospectus to accomplish a number of objectives:

- 1. To satisfy the acquisition of 100% of IVB Holdings Pty Ltd via the issue of ordinary shares and options and performance shares and options to the target company shareholders.
- 2. To raise additional working capital for the company of \$1.3 million via the issue of 13 million ordinary shares at \$0.10 each (with a one for two attaching option at \$0.001 each).
- 3. To reward pre-existing shareholders of the company via a rights issue of options on the basis of two options for each three shares held, at an issue price of \$0.001 each.

DIRECTORS' REPORT (Cont'd)

The company's reconstruction was completed on 11 November 2003 with settlement of the takeover of IVB Holdings Pty Ltd and the appointment of a new board of directors and management team.

Operating Results

For the six months to 31 December 2003, the consolidated net loss of the company, after outside equity interests, was \$469,421. This amount reflects the transition of activities from GEO2 Limited to Resonance Health Limited, R&D activities and commercialisation costs expensed in Inner Vision Biometrics Pty Ltd (a 51% controlled subsidiary) and normal administrative costs for the company.

Cash Flow

At 31 December 2003, consolidated group cash on hand was \$1,589,138. The group believes it will have adequate cash resources to meet the budgeted commercialisation costs of the FerriScan test over the next 12 months and further, expects to be generating modest revenues from the FerriScan test towards the end of the 2004 calendar year.

Significant Events / Highlights

Having recently completed the acquisition of IVB Holdings Pty Ltd, it was gratifying for the company to receive advice that a US Patent relating to the FerriScan technology had been granted to Inner Vision Biometrics Pty Ltd in October 2003. The company expects further patents to be issued in other major jurisdictions over the next twelve months.

Future Developments

The company anticipates that active marketing and commercialisation of the FerriScan test will commence in the second half of calendar 2004. This activity is contingent upon receipt of Therapeutic Goods Administration (TGA) approval of the test and reciprocal approval for registration in the European Union. An application for TGA approval is expected to be lodged in late March/early April 2004.

The company is also progressing a number of initiatives that may significantly broaden the scope and market potential for the FerriScan technology. This includes investigating the potential use of the FerriScan test in the Hepatitis area for measurement of fibrosis in the liver. Shareholders will be provided with further information as these initiatives are developed.

Signed in accordance with a resolution of the Board of Directors:

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2003

1. Basis of Preparation of Half-Year Financial Report

The general purpose half-year consolidated financial report has been prepared in accordance with the requirements of the Corporations Act, Accounting Standard 1029 "Interim Financial Reporting", and other mandatory professional reporting requirements.

It is recommended that this financial report be read in conjunction with the 30 June 2003 Annual Financial Statements and Reports and any public announcements by the Company during the half year in accordance with continuous disclosure obligations arising under the Corporations Act.

For the purpose of preparing the half- year financial statements, the half-year has been treated as a discrete reporting period.

The half- year report does not include full disclosure of the type usually included in an annual financial report.

The accounting policies have been consistently applied by the entities in the consolidated entity and except where there is a change in accounting policy, are consistent with those of the previous financial year (30 June 2003) and corresponding half year.

8. Events subsequent to balance date

There were no items, transactions or events of a material nature that have arisen since the end of the half-year that, in the directors' opinion, would affect the financial position or results of the consolidated entity in future periods.

9. Controlled entities

Controlled entities of Resonance Health Limited at 31 December 2003:

Country of Registration % Owned

IVB Holdings Pty Ltd Australia 100%

Inner Vision Biometrics Pty Ltd Australia 20%

The company acquired all of the issued capital of IVB Holdings Pty Ltd in November 2003. IVB Holdings Pty Ltd has a 51% controlling interest in Inner Vision Biometrics Pty Ltd via voting rights and is increasing its ownership interest in that company from 20% at 31 December 2003 to 51% via the staged injection of development capital. Consideration for the acquisition of IVB Holdings Pty Ltd was the issue of 13 million Resonance shares at a fair value of 10 cents per share.

10. Segment reporting

The consolidated entity's business involves the development and commercialisation in Australia of the IVB Technology, a novel, non-invasive liver diagnosis technology, and as such, represents only one reportable business and geographic segment.

11. Capital commitments

At the date of this report, the consolidated entity does not have any capital commitments not otherwise disclosed in the financial report.

DIRECTORS' DECLARATION

In the opinion of the Directors of Resonance Health Limited:

- 1. the financial statements and notes set out on pages 4 to 10:
 - (a) give a true and fair view of the financial position of the consolidated entity as at 31 December 2003 and of its performance for the half-year ended on that date; and
 - (b) comply with the Accounting Standard AASB 1029 "Interim Financial Reporting" and the Corporations Regulations 2001; and
- 2. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

INDEPENDENT REVIEW REPORT

To the members of RESONANCE HEALTH LIMITED

Scope

The financial report and directors' responsibility

The financial report comprises the statement of financial position, statement of financial performance, statement of cash flows, accompanying notes to the financial statements and the directors' declaration of Resonance Health Limited for the half-year ended 31 December 2003. The financial report includes the consolidated financial statements of the consolidated entity comprising the company and the entities it controlled at the end of the half-year or from time to time during the half-year.

The directors of the company are responsible for preparing a financial report that gives a true and fair view of the financial position and performance of the company and that complies with Accounting Standard AASB 1029 "Interim Financial Reporting", in accordance with the Corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Review approach

We conducted an independent review of the financial report in order to make a statement about it to the members of the company, and in order for the company to lodge the financial report with the Australian Stock Exchange and the Australian Securities and Investments Commission.

Our review was conducted in accordance with Australian Auditing Standards applicable to review engagements in order to state whether, on the basis of the procedures described, anything has come to our attention that would indicate that the financial report is not presented fairly in accordance with the Corporations Act 2001, Accounting Standard 1029 "Interim Financial Reporting" and other mandatory professional reporting requirements in Australia and statutory requirements, so as to present a view which is consistent with our understanding of the company's financial position and of its performance as represented by the results of its operations and cash flows.

A review is limited primarily to inquiries of company personnel and analytical procedures applied to the financial data. These procedures do not provide all the evidence that would be required in an audit, thus the level of assurance is less than given in an audit. We have not performed an audit and, accordingly, we do not express and audit opinion.

(cont'd)

Independence

In conducting our review, we followed applicable independence requirements of Australian professional ethical pronouncements and the Corporations Act 2001.

Statement

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the financial report of Resonance Health Limited, is not in accordance with:

- (a) the Corporations Act, including:
 - (i) giving a true and fair view of the consolidated entity's financial position at 31 December 2003 and of its performance for the half-year ended on that date; and
 - (ii) complying with Accounting Standard AASB 1029 "Interim Financial Reporting" and the Corporations Regulations 2001; and
- (b) other mandatory financial reporting requirements in Australia.
