

ASX RELEASE | Thursday 15 June 2017

Smart Parking Limited (ASX:SPZ) City of Hamilton

Highlights

- Smart Parking receives order for Hamilton installation
- Smart Parking to install sensor and bay-finding technology
- Smart Parking technology expected to be used in 945 parking bays

Thursday 15 June, 2017 - Global parking business Smart Parking Limited (ASX:SPZ) ('Smart Parking' or 'the Company') Smart Parking is pleased to announce it has received an order for the City of Hamilton and will provide parking technology for approximately 945 parking bays.

Located in the North Island, Hamilton is the fourth most populous city in New Zealand. The adoption of Smart Parking technology comes amid Hamilton City Council's new parking plan to revitalise Hamilton's Central Business District (CBD).

Smart Parking's order for Hamilton follows a recent deal with Wilson Parking New Zealand [ASX Announcement: 25 May, 2017] and represents Smart Parking's further expansion into New Zealand.

Smart Parking has a range of technologies to improve on-street city parking. In-Ground Vehicle Detection Sensors provide information to assist in the management of parking spaces, and SmartApp enables drivers to locate vacant spaces in real-time.
