UK Contract

Smart Parking Ltd (ASX: SPZ) (**Company**) is pleased to advise that it has entered into an extended services contract (**Contract**) with one of its existing clients, UK retailer, Matalan.

The Contract provides that SPZ shall deploy its automatic number plate recognition (**ANPR**) and industry leading Smartrep software at 88 Matalan sites across the UK (increasing from 29 sites that are currently managed).

This follows a successful trial with Matalan where ANPR and pay and display technology were linked to provide greater efficiency in the utilisation and management of Matalan's car parks. Matalan is a fashion and homeware retailer with over 200 stores across the UK.

The Contract reflects the continued improvement in the Company's management services division as SPZ's technology is deployed into more of its managed services estate.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Jeremy King'.
