Award of Contract – Wellington City Council

Smart Parking Ltd (ASX: SPZ) (**Company**) is finalising a contract with Wellington City Council, NZ (**Council**) to utilise its car parking technology products and software.

The contract provides for the installation and operation of 3,000 parking sensors in the Wellington CBD street parking areas, and the provision of ongoing parking data to an App (for real time on-street parking availability) and to the council for operational purposes. Under the contract, the Company will maintain the sensors for a period of 5 years. This project follows a successful Smart Parking trial with the Council carried out earlier in the year.

The Company looks forward to providing an effective ongoing solution to assist the Council's regulation of parking within Wellington.

For and on behalf of the Board
