Dear Dean,

**RE: STRUCTURAL SYSTEMS LIMITED – PRICE QUERY**

Further to your e-mail of 4 April 2007 regarding the increase in the price of the Company's ordinary shares please find the following responses to each of your questions.

1. The Company is not aware of any information concerning it that has not been announced which, if know, could be an explanation for recent trading in the securities of the Company.
2. As above
3. The half yearly result announced to the ASX on 27 February 2007 was a record result for the company. After tax earnings increased by 74% compared to the previous corresponding period. The company announcement included details regarding record work in hand levels and contracts recently secured.

Barring unforeseen circumstances the Company is of the view that the net operating result attributable to members for the period ending 30 June 2007 will be greater than 15% compared to the previous corresponding period. The extent of this variation will be confirmed in May 2007 when the position is more accurately able to be forecast.

4. There is no reason to think that the Company may record any material abnormal or extraordinary items for the full year ended 30 June 2007.
5. The Company's earnings attributable to members over the last three years have continuously increased. The half year result was a significant outcome compared to historical results and follow on from a record result for the full year ending 30 June 2006. The Company's order book is very solid and as previously announced is at record levels. The continuing improvements in the Company's performance is no doubt being recognised by the investment community and this may be leading to the support levels for the stock increasing as it has done now for some time.
6. The Company is in compliance with the listing rules and in particular listing rule 3.1.

Please note, if the answer to question 1 is yes and an announcement cannot be made immediately, you need to contact us to discuss this and you need to consider a trading halt (see below).

### Listing rule 3.1

Listing rule 3.1 requires an entity to give ASX immediately any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities. The exceptions to this requirement are set out in listing rule 3.1A.

In responding to this letter you should consult listing rule 3.1 and Guidance Note 8 – Continuous Disclosure: listing rule 3.1.

If the information requested by this letter is information required to be given to ASX under listing rule 3.1 your obligation is to disclose the information immediately.

Your responsibility under listing rule 3.1 is not confined to, or necessarily satisfied by, answering the questions set out in this letter.

### Trading halt

If you are unable to respond by the time requested, or if the answer to question 1 is yes and an announcement cannot be made immediately, you should consider a request for a trading halt in the Company's securities. As set out in listing rule 17.1 and Guidance Note 16 – Trading Halts we may grant a trading halt at your request. We may require the request to be in writing. We are not required to act on your request. You must tell us each of the following.

- The reasons for the trading halt.
- How long you want the trading halt to last.
- The event you expect to happen that will end the trading halt.
- That you are not aware of any reason why the trading halt should not be granted.
- Any other information necessary to inform the market about the trading halt, or that we ask for.

The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted. If a trading halt is requested and granted and you are still unable to reply to this letter before the commencement of trading, suspension from quotation would normally be imposed by us from the commencement of trading if not previously requested by you. The same applies if you have requested a trading halt because you are unable to release information to the market, and are still unable to do so before the commencement of trading.

If you have any queries regarding any of the above, please let me know.

Yours sincerely
