ASX ANNOUNCEMENT

Thursday, 28 June 2012

Tempo Australia Limited
ASX : TPP

Chairman's Update

The company was delighted to receive confirmation of its reinstatement by the ASX to the Official List as of 27 June 2012.

The Board would like to thank shareholders for their patience and support during the recompliance process and successful capital raising.

As announced on 26 June 2012 we have completed our first acquisition in the resource services sector, having taken control of operations of Industry Partners as of Monday, 25 June 2012.

We currently have a number of other businesses under review that will complement our first acquisition and satisfy our objectives of becoming a multi-disciplinary service provider to the Resources Sector. It is anticipated that we will be in a position to communicate further with shareholders in the near future in this regard.

Whilst we continue to operate with a very small head office we have recently appointed a Financial Accountant to assist generally and with the integration of Industry Partners.

Yours faithfully

Robert Whitton
Chairman
Tempo Australia Limited
