

Tempo secures \$50 million in contract extensions

- **Chevron-Operated Gorgon LNG Project**
- **Rio Tinto Cape Lambert Port B Expansion Project**

Mining and energy sector services company, Tempo Australia Limited (ASX: TPP), is pleased to announce that it has secured new contract extension variations totalling approximately \$50.0 million.

The project extensions include:

Chevron Operated Gorgon LNG Project

Tempo subsidiary, Tempo Construction and Maintenance, has secured variations to its existing sub-contract at the Gorgon LNG Project on Barrow Island, Western Australia. Specifically, the variations relate to the provision of Managed Structural, Mechanical and Piping, Electrical & Instrumentation (SMPE&I) craft labour for construction, pre-commissioning and commissioning services to the Mechanical, Electrical and Instrumentation (ME&I) contractor on the Chevron-operated Gorgon Project.

This contract has grown significantly since its award in May 2015 (ASX announcement 6 May 2015), with Temp-supplied personnel on site increasing significantly from the initial ~100 referenced when the contract was granted to now be in excess of 200.

Rio Tinto Cape Lambert Port B Expansion Project

Tempo Construction and Maintenance has received a further extension to its existing contract with Rio Tinto at its 353Mtpa Cape Lambert Port B Expansion Project, in the Pilbara region of WA. Specifically, the scope of works has been extended to now cover operational support for Structural, Mechanical, Piping, Miscellaneous and Commissioning work at the project.

Tempo Australia Chairman Carmelo Bontempo said:

“The award of these major contract extensions in what continues to be challenging market conditions demonstrates and showcases Tempo’s ability to provide our portfolio of blue-chip clients with solutions based on our core values of productivity, performance and safety, and we look forward to continuing to build long term relationships with these key clients.”
