Dear Nicholas

REQUEST FOR TRADING HALT

Thundelarra Exploration Ltd (ASX:THX) ("the Company") wishes to advise that this morning SRK Consulting ("SRK") advised the Company that it has completed the calculation of a maiden resource estimate for the Company's Thunderball Uranium Prospect. However SRK's formal report is not expected to be available for approximately two weeks. The Company is now working with SRK to prepare a statement of the Thunderball resource estimate in a form suitable for release to the market.

Therefore in accordance with ASX Listing Rule 17.1, the Company requests that trading in the Company's securities be halted until the earlier of the commencement of normal trading on Monday, 7 February 2011 or the announcement of the resource estimate to the market.

The Company is not aware of any reason why a trading halt should not be granted, or any other information available at this stage that is relevant to the trading halt.

Should you have any questions, please do not hesitate to contact me.

Yours sincerely

THUNDELARRA EXPLORATION LTD
