

ASX/Media Announcement
05 September 2017

CROWN PRINCE REGISTERED

Thundelarra is pleased to announce that the Crown Prince tenement, Prospecting Licence P51/3009, is now registered in the name of Zeus Mining Pty Ltd (“Zeus”).

Zeus is a wholly-owned subsidiary of Thundelarra. We now await a response from the Native Title Claimant Group to add P51/3009 to the existing Heritage Agreement over the Garden Gully area.

A Programme of Work (PoW) is lodged with the DMIRS. When the Heritage clearance / survey process has been completed and the PoW is approved, then we can mobilise a rig to commence drilling at Crown Prince.

About Garden Gully.

Thundelarra’s wholly-owned Garden Gully project now comprises 15 granted Prospecting Licences and 2 granted Exploration Licences covering about 78 square kilometres, located in Western Australia’s Doolgunna region about 20km north-west of the town of Meekatharra.

Since commencing exploration there in mid-2016, Thundelarra has drilled 85 reverse circulation holes for 13,721m advance and 2 diamond holes for 788m advance.

The addition of Crown Prince to the Garden Gully project is significant as it brings all the historical prospecting and production areas at Garden Gully into a single exploration project under one owner.
