Steven Wood
Company Secretary

About Cassini

Cassini Resources Limited (ASX: CZI) is an Australian resource exploration company with an asset package of prospective tenements in Western Australia and Nevada (USA).

Cassini's main focus is a large scale, high priority project nickel and copper sulphide target at its highly prospective West Musgrave Project in Western Australia

The Musgrave region is highly regarded with limited previous exploration and potentially high rewards.

The Company's Nevada Projects represent opportunities for exploration success in one of the world's pre-eminent mining jurisdictions. Nevada has a history of recent multi-million ounce discoveries, despite a mining history of over 150 years.

Cassini aims to explore and progress its key projects, and to identify additional projects that are commercially attractive with the aim to increase shareholder value.
