Incident at Christmas Creek Mine Site

Mineral Resources Limited (**Mineral Resources** – ASX: MIN) advises that a worker at the Christmas Creek Mine site has been fatally injured overnight.

The relevant civil and mine safety authorities have been advised and MRL is assisting Fortescue and authorities to investigate the incident.

Family members have been notified and counselling services are being made available to family and colleagues at the site.

Managing Director, Chris Ellison expressed his deep sadness at the incident and extends the Company's thoughts and condolences at this time.

Peter Wade
