

30 January 2015

Resonance Health Ltd (ASX:RHT) Appendix 4C – 2nd Quarter Cash Flow Report

Resonance Health Limited today released its 2nd quarter Cash Flow Report for the period ending 31 December 2014.

Cash at 31 December 2014 was \$2.584million representing a decrease of \$69k for the December quarter.

The marketing spend in the December quarter, as planned, was \$122,000. Company delegates attended key conferences in the United Kingdom, Europe, Greece and USA increasing awareness of HepaFat-Scan and FerriScan in the global clinical community.

Research and development spend was in line with our planned budget of \$35,000.

Receipts from customers were lower as some image analysis services delivered during the quarter were prepaid in prior quarters. Resonance Health provided 1423 image analysis services in the December 2014 quarter. Our prepaid Voucher programme continues to be appreciated by large pharma companies. We expect to announce a half year profit of approximately \$250,000 before tax.

In the coming quarter we will:

- Commence an independent validation study in the USA on HepaFat-Scan.
- Commencing liver surgery study utilising HepaFat-Scan.
- Continue with development of an MRI based liver fibrosis test.
- Continue piloting HepaFat-Scan to our existing network of hospitals.
- Attend key liver surgery conference in Singapore.
- Delegation to China, France and other key liver conferences.
