# Notes to the Financial Statements

31 December 2021

## 1. Basis of preparation

This general purpose financial report for the interim half-year reporting period ended 31 December 2021 has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2020 and any public announcements made by Vimy Resources Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The Interim financial report has been approved and authorised for issue by the Board of Directors on 11 March 2022.

### Going Concern

The Group incurred a net loss of \$3,841,301 during the half year ended 31 December 2021. The cash and cash equivalents held as at 31 December 2021 was \$16,238,899. Current assets exceed current liabilities by \$11,812,475 as at 31 December 2021. The Group's net cash used in operating activities for the half year ended 31 December 2021 was \$3,577,603.

The Directors have reviewed a cash flow forecast for the next twelve months from the date of signing the financial report which demonstrates that the Group will have sufficient cash resources to continue as a going concern.

The Directors have taken into account the Group's demonstrated past successes in raising equity and debt, and in the event that additional funding is not able to be obtained at the amounts and timeframes anticipated, the Directors would actively curtail both project and corporate expenditure to conserve cash resources. On 9 March 2022, the company announced the proposed placement of 100 million ordinary shares at an issue price of \$0.17 per share to raise \$17 million. The proposed issue date is 16 March 2022.

For these reasons the Directors continue to adopt the going concern basis in preparing these financial reports.

## 2. Segment reporting

The Company operates an exploration, evaluation and development segment and a sales and marketing segment. The exploration, evaluation and development segment undertakes activities on granted tenements in Western Australia and the Northern Territory. The sales and marketing segment activities undertaken by the Sales and Marketing segment include research and economic analysis of the global uranium market. The segment activities do not generate any sales revenue.

The Company has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision maker) in assessing performance and determining the allocation of resources.

- Giving a true and fair view of the **Group's** financial position as at 31 December 2021 and of its performance for the Half-year ended on that date; and
- Complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

## Responsibilities of the Directors for the Half-year Financial Report

The Directors of the Company are responsible for:

- The preparation of the Half-year Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*.
- Such internal control as the Directors determine is necessary to enable the preparation of the Half-year Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Half-year Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the Half-Year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
