

ASX ANNOUNCEMENT
(ASX: MTO)

29 April 2024

DATA BREACH INVESTIGATION CONCLUDES

On 9 April 2024 MotorCycle Holdings Limited (ASX: MTO) (the **Company**), announced that it had been made aware that a Threat Actor (Actor) had unlawfully gained access to a third-party hosted web server for two of its branded websites, Sherco and Lambretta (the Websites) used in its MOJO Motorcycle's business (**Data Incident**).

The Company's investigations into the Data Incident have concluded. As a result of the limited information able to be provided by the third-party to the Company in relation to the Data Incident, it is not currently possible to determine whether customer personal information has been accessed by the Actor. There was no compromise of any other MTO or MOJO platforms and the data breach had no impact on the Company's operations. The Company's internal network was unaffected by the breach.

The Company will notify the Office of the Australian Information Commissioner and release a statement on the Company website.
