

20 JUNE 2019

ASX/MEDIA RELEASE

AERIS RESOURCES LIMITED
(ASX: AIS)

UPGRADE TO FULL YEAR COPPER PRODUCTION GUIDANCE

Aeris Resources Limited (**Aeris** or **Company**) (ASX:AIS) is pleased to advise that it has upgraded its full year copper production guidance to between 26,450 tonnes and 26,650 tonnes. This is an increase of some 4% on the previous guidance upgrade of 25,500 tonnes announced on 24th April and an increase of 8% on the original guidance of 24,500 tonnes.

The increase in production forecast is due to strong production performances at both the Tritton and Murrawombie underground mines and better copper grades.

About Aeris

Aeris Resources Limited is an established mining and exploration company listed on the Australia Securities Exchange (ASX: AIS). The Company's flagship asset, the Tritton Copper Operations (Tritton) in New South Wales, is targeting production of 26,650 tonnes of copper in FY2019. Tritton includes multiple underground mines (Tritton and Murrawombie) and a 1.8 million tonne per annum processing plant. Tritton also has a pipeline of advanced mining projects and a highly prospective tenement package covering 2,160km², on which to date over 750,000 tonnes of copper has been discovered.

The Company also has 70% of the exciting Torrens Exploration Project (Torrens) in South Australia. Torrens is defined by a coincidental magnetic and gravity anomalous zone with a footprint larger than Olympic Dam.
