### **Exploration activities**

### Fiji

During the December 2023 quarter, Alice Queen visited Fiji and met with Tausia Kerto (Fiji Country Manager) and the Mineral Resources Department of Fiji (MRD) to discuss tenement obligations, renewals and future plans for gold exploration across the Fiji project areas. Alice Queen also engaged experienced geologist, Stewart Capp of Derwent Geoscience (Fiji) Pte Ltd to conduct future exploration in Fiji (see ASX release 21 December 2023, "Sabeto Exploration Update").

Review of Viani, Sabeto and Nabila projects (see Figure 1) was completed, and planning was made to recommence exploration at Sabeto in December 2023. Due to the wet season and localised conditions, a number of attempts to access the site were unsuccessful during December 2023.

**Exploration activities (continued)** 

Fiji

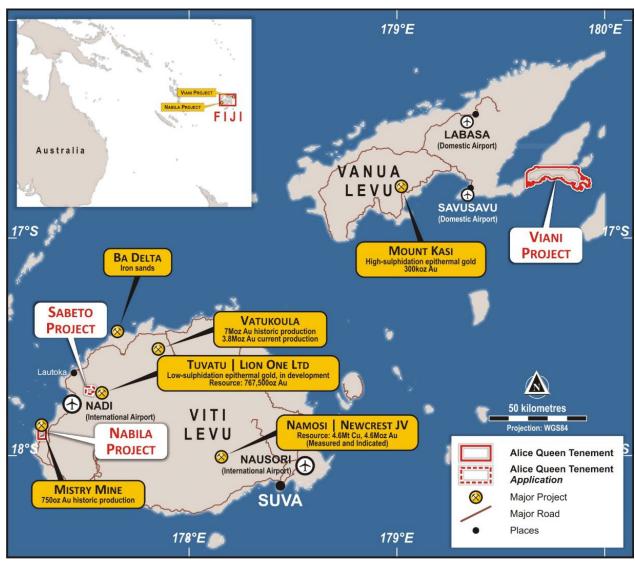

Figure 1 - Alice Queen's Fiji projects

During the September 2023 quarter Alice Queen commenced an internal review of its Fiji operations and projects, further to this the Company had discussions with multiple parties in relation to the potential sale of, or investment into, it's projects in Fiji.

Subsequent to the December 2023 quarter (late January 2024), Alice Queen completed a due diligence site visit of its Fiji projects with Beijing Gage Capital Management Co. Ltd. (Beijing Gage) (see ASX release 19 February 2024, "Appointment of Director") including The Chairman of Beijing Gage, Mr Wang Jianying and Mr Bina. The trip provided Beijing Gage with the opportunity to assess the technical merits of each project on site, discuss the projects with the management and technical team, engage with local communities and meet with the Minister responsible for mining in Fiji, the Honourable Mr Filimoni Vosarogo.

The Company's exploration remains primarily gold focused with clear objectives being:

- · Identifying exploration opportunities for significant near-term discovery
- · Immediate recommencement of exploration in Fiji

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

### Review of Operations and Financial Results (continued)

### **Exploration activities (continued)**

· Continuing to progress the Company's other projects and review new opportunities

Site conditions improved allowing Alice Queen to access the Sabeto tenement where the Company confirmed and documented a diatreme breccia (see ASX release 26 February 2024, "PORPHYRY TARGET EMERGING AT SABETO").

Alice Queen's 100% owned Fiji projects provide an immediate opportunity for this focused strategy with exploration recommenced at its alkaline gold project at Sabeto with exploration to also recommence at its epithermal gold project at Viani in 2024.

### Horn Island

On 5<sup>th</sup> and 6<sup>th</sup> December 2023, Alice Queen visited the Horn Island project site to complete requisite maintenance of the operations centre and to engage with the local community in relation to future exploration plans.

The Horn Island project (see Figure 2) is an Intrusive Related Gold System (IRGS) located in the Torres Strait Queensland. The Southern Silicified Ridge prospect at Horn Island presents potential for discovery and additional deposits. The historical pit area has an existing Mineral Resource Estimate (MRE), indicated and Inferred, of 16.7Mt at 0.98 g/t Au for 524,000 ounces Au (see ASX release 11 November 2021, "Horn Island Scoping Study Outcomes and Mineral Resource Estimate") with further potential extensions open to the NW (see ASX release 30 June 2021, "Drilling Confirms New Gold Zone at Horn Island").

#### See ASX releases:

- 24 February 2022, "FINAL IP RESULTS REVEAL MULTIPLE DRILL READY TARGET ZONES AT HORN ISLAND FINAL"
- 16 May 2022, "HORN ISLAND DRILLING REVEALS VISIBILE GOLD"
- 22 June 2022, "DRILLING EXTENDS GOLD ZONE AND HIGH GRADE COPPER HIT"

During the September 2023 quarter, Alice Queen completed an internal concept study for a nearer term, scalable gold production scenario of its MRE area.

### Kaiwalagal

Kaiwalagal (EPM25418) is adjacent to Horn Island covering a number of islands of the Kaurareg Archipelago. During the quarter planning to reduce areas of the project that were deemed superfluous was commenced (see Figure 2).

### **Exploration activities (continued)**

In December 2023 previous drill results from 22BEDH011 were reported to the market (see ASX release 13 December 2023, "BODA EAST DRILL RESULTS AND PROJECT UPDATE").

In June 2023, the Company decided to close its operations centre in Dubbo, NSW which was servicing its Lachlan Fold Belt (LFB) Copper- Gold porphyry portfolio. During the September 2023 quarter the Company also decided to rationalise its LFB projects. The decision was made to relinquish tenements whereby the Company felt they had been adequately tested and/or were not core to its LFB strategy. The following tenements have been relinquished.

- EL 8563 Mendooran North
- EL 8565 Mendooran South
- EL9303 Mendooran (flanks)
- EL8985 Yarindury South
- EL9126 and EL9185 Wongarbon

The Company maintains its core LFB Copper-Gold porphyry projects being EL8646 Yarindury (including Boda East) and EL8469 Mendooran (see Figure 3).

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

# Review of Operations and Financial Results (continued)

**Exploration activities (continued)** 

### **Byrock and Gongolgon**

The Byrock and Gongolgon tenements (see Figure 4) were selected after a desktop review in early 2023 for prospective areas in New South Wales for Rare Earth Elements and/or Lithium, to provide the Company's with a strategic diversification to its gold focused portfolio.

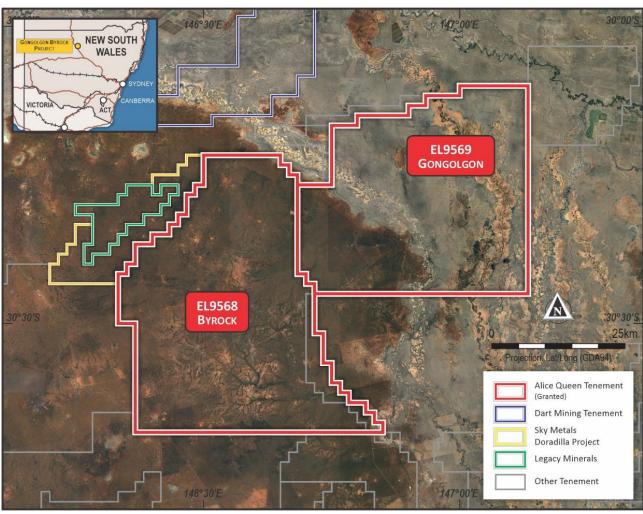

Figure 4 - Byrock and Gongolgon projects

During the half year ended 31 December 2023, planning commenced for a preliminary reconnaissance program to include limited mapping and sampling to be executed in January 2024 at it's Byrock and Gongolgon tenements. The reconnaissance was intended to provide the Company with the foundation to plan for future work programs. This included completing the requisite work relating to land access agreements.

Historical sampling of the "Gongolgon Granite" indicates that it outcrops over a ~7km length and reported anomalous Rare Earth Elements (REE) (see ASX release, 24 April 2023 "DIVERSIFICATION INTO BATTERY METALS UPDATE). The Gongolgon Granite is part of a larger gravity low anomaly indicative of a very extensive granite intrusion complex that is under shallow younger regolith cover and is completely unexplored.

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

### Review of Operations and Financial Results (continued)

### **Exploration activities (continued)**

Byrock is prospective for REE being adjacent to the Sky Metals (ASX: SKY) Doradilla Project and Legacy Minerals (ASX:LGM). The project area also includes the "Compton Downs Granite", illustrated by the NSW geological survey (source Minview) over a ~7km x ~3km area, described as "Granodiorite with local pegmatite and variably altered" and is therefore prospective for lithium-caesium-tantalum in pegmatites.

Subsequently in late January 2024, after obtaining the requisite land access agreement, Alice Queen commenced its maiden reconnaissance program to assess the tenements (primarily Gongolgon) to assess the landscape, access and infrastructure. Further to this, a limited preliminary mapping exercise was completed and limited samples were collected.

Due to considerable sedimentary cover, extensive mulga scrub and native grasses, there was limited opportunity to sample the Gongolgon granites, the samples that were collected will be submitted for assay. Preliminary mapping outcomes will be reported along with results from those assays in due course. The Company will then further assess and consider future field exploration programs that will likely require clearing prior to any mapping and sampling of the Gongolgon granite area.

### **Events Subsequent to Reporting Date**

- On 19 February 2024, the Company announced the appointment of Mr Michele Alessandro Bina to the board of Alice Queen Limited as the nominee of Beijing Gage Capital Management Co. Ltd (Beijing Gage). Mr Bina is a former investment banker based in Hong Kong and is an adviser to Beijing Gage, the parent company of Gage Resource Development Pty Ltd.
- On 21 December 2023, the Company applied to the Mineral Resources Department, Fiji for an extension of the renewal
  period for its Exploration Licences, SPL 1513 and SPL1514 as these licences expired on 6 January 2024. As at the date of
  signing this report, the renewal of these licences has not yet been approved.
- On 8 August 2023, the Company announced that it had procured a debt facility of \$400,000 from GTT Ventures Pty Ltd (unrelated third party), for a period of three months. The debt facility was advanced on 4 August 2023. Interest accrued on the debt facility at a rate of 2% per month commending on the date of the drawdown. On 2 October 2023, this debt facility was extended for a further period of two months on the same terms and conditions. On 2 January 2024, the debt facility of \$400,000 was repaid in full together with interest accrued.

Other than as stated elsewhere in this report, the Directors are not aware of any other matters or circumstances at the date of this report that have significantly affected or may significantly affect the operations, the results of the operations or the state of affairs of the Group in subsequent financial years.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2023

### 1. Nature of operations

Alice Queen Limited is a public company, limited by shares, domiciled and incorporated in Australia and listed on the Australian Securities Exchange. The consolidated entity (the "Group") consists of Alice Queen Limited (the "Company") and the entities it controlled at the end of, or during, the half-year ended 31 December 2023. The principal activity of the Group during the reporting period was mineral exploration and the development of its projects in Australia and Fiji.

### 2. General information and basis of preparation

### **Statement of Compliance**

The condensed interim consolidated financial statements ('the interim financial statements') of the Group are for the six (6) months ended 31 December 2023 and are presented in Australian Dollars which is the functional currency of the Group. These general purpose interim financial statements have been prepared in accordance with the requirements of the *Corporations Act 2001* and AASB 134 Interim Financial Reporting. Australian Accounting Standards incorporate International Financial Reporting Standards ('IFRS') as issued by the International Accounting Standards Board. Compliance with Australian Accounting Standards ensure that the financial statements and notes also comply with IFRS. These interim financial statements do not include all of the information required in annual financial statements in accordance with Australian Accounting Standards and should be read in conjunction with the consolidated financial statements of the Group for the year ended 30 June 2023 and any public announcements made by the Group during the half-year in accordance with continuous disclosure requirements arising under the Australian Securities Exchange Listing Rules and the *Corporations Act 2001*.

The interim financial statements have been approved and authorised for issue by the Board of Directors on 13 March 2024.

### 3. Material accounting policies

The interim financial statements have been prepared in accordance with the same accounting policies adopted in the Group's last annual financial statements for the year ended 30 June 2023.

### New accounting standards and interpretations

In the current period, the Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the 'AASB') that are relevant to its operations and effective for reporting periods beginning on 1 July 2023. The Group has not elected to early adopt any new standards or amendments.

The accounting policies have been applied consistently throughout the Group for the purposes of preparation of these interim financial statements.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2023

## 4. Going concern basis

The Group recorded a loss of \$1,351,694 for the half year ended 31 December 2023 (31 December 2022: \$9,377,515). The Group had net operating cash outflows of \$1,356,651 (2022: \$939,666) for the reporting period. The Group had \$1,560,749 available cash at the end of the reporting period and current liabilities of \$958,596 on 31 December 2023. Notwithstanding the Group's loss-making position, the interim financial report has been prepared using the going concern basis.

The directors have determined that additional capital is required to support the Group's ongoing operational and tenement commitments for at least 12 months from the date of signing the financial report. Accordingly, the Directors are actively pursuing future capital raises. Therefore, the Directors believe that it is appropriate to prepare the interim final statements on a going concern basis.

However, should directors not have sufficient exiting funding or achieve their plan, there is significant uncertainty whether the Company would continue as a going concern and realise its assets in the normal course of business and at amounts stated in the financial report.

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ALICE QUEEN LIMITED

### Report on the Half-Year Financial Report

### Conclusion

We have reviewed the accompanying half-year financial report of Alice Queen Limited and controlled entities (the Group), which comprises the condensed statement of financial position as at 31 December 2023, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity, the condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of material accounting policies and other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the Corporations Act 2001, including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### **Material Uncertainty Related to Going Concern**

We draw attention to Note 4 in the financial statements, which identifies that during the period ended 31 December 2023, the Group incurred a net loss of \$1,351,694 and that the Group had net operating cash outflows of \$1,356,651 for the reporting period. As stated in Note 4, the ability of the Group to continue as a going concern is dependent upon the Group raising additional capital sufficient to meet the Group's operating and exploration commitments. The Directors' reasoning for preparing the financial report on a going concern basis is included within the Note. Our opinion is not modified in respect of this matter.

### **Basis of Conclusion**

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We confirm that the independence declaration required by the Corporations Act 2001 which has been

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### **Responsibility of the Directors for the Financial Report**

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
