

Australian Securities Exchange & Media Announcement

Clean TeQ Holdings Limited (ASX: CLQ)

Melbourne, 15 January 2015

Appointment of New CFO to Complement Company Initiatives

Clean TeQ Holdings Limited (ASX: CLQ) is pleased to announce the appointment of Mr Ben Stockdale to the position of Chief Financial Officer.

Clean TeQ is now clearly focussed on leveraging our technical capability in the water services and strategic and precious metals sectors. The recent acquisition of the Syerston Scandium Project and the China partnership with SIDRI, focusing on the provision of water treatment services, are significant initiatives requiring the company to continue building its management capability.

Mr Stockdale has extensive experience working in financial, strategy and commercial roles in public and private businesses locally and internationally involved in mining and commodities and his experience will be central to Clean TeQ meeting the commercial goals in these projects. Mr Stockdale holds a Bachelor of Commerce from Melbourne University and a Post Graduate Diploma of Applied Finance and Investment.

Mr Stockdale will commence on 2 February 2015 and replaces Mr Tony Panther who has accepted a role with Leydin Freyer, the professional services firm headed by Clean TeQ's Company Secretary, Ms Melanie Leydin. Mr Panther will continue to provide services to Clean TeQ to ensure a smooth transition. The Board would like to acknowledge Mr Panther's significant contribution as CFO over the past two years and wish him well for the future.
