Brief explanation of any of the figures reported above necessary to enable the figures to be understood:

Revenue was lower due to operations in the Metals and Water segments (continuing operations) being focussed on commercialisation of the consolidated entity’s platform technology and a reduction in the amount of research and development rebate receipts allocated to revenue.

Losses from continuing operations were higher primarily due to a non-cash impairment of license intangible asset of \$2,751,000 (2014: Nil)
