To consider and, if thought fit, pass the following resolution as an ordinary resolution:

"That for the purposes of ASX Listing Rule 10.14 and for all other purposes, approval be given to grant up to 411,546 Performance Rights (being a right to acquire up to 411,546 fully paid ordinary shares in the Company subject to satisfaction of relevant performance conditions) for no consideration to Mr Sam Riggall (a Director of the Company), or his nominee, as described in the Explanatory Statement which accompanies and forms part of this Notice."

Resolution 5: Approval of Long Term Incentive Grant of Performance Rights to Mr Peter Voigt (or his nominee)

To consider and, if thought fit, pass the following resolution as an ordinary resolution:

The Notice of General Meeting dated 13 June 2017 should be taken to have been amended accordingly. A copy of the document correcting the error is attached.

EXPLANATORY STATEMENT

Resolution 1: Ratification of Prior Share Issue

The Company is seeking shareholder approval to ratify the issue of 92,518,888 fully paid ordinary shares to Pengxin International Mining Co. Ltd., as part of a share placement that was issued on 27 March 2017.

ASX Listing Rule 7.4 provides that a company may reinstate its capacity to issue up to 15% of the ordinary securities on issue in a 12 month period if shareholders ratify the previous issue of securities and the issue did not breach Listing Rule 7.1.

ASX Listing Rule 7.5 requires that the following information be provided to shareholders for the purpose of obtaining shareholder approval pursuant to ASX Listing Rule 7.4:

- (a) the total number of fully paid ordinary shares in the Company that were issued is 92,518,888;
- (b) the Shares were issued at an issue price of \$0.88 (88 cents) per share;
- (c) the Shares allotted and issued rank equally with the existing Shares on issue;
- (d) the Shares were allotted and issued to Pengxin International Mining Co. Ltd.
- (e) the funds raised from the issue will be used to facilitate the development of the Company's Syerston Nickel Cobalt Scandium Project in New South Wales and for working capital purposes.

Board Recommendation

The Board unanimously recommends that Shareholders vote in favour of Resolution 1.

Voting Exclusions

The Company will disregard any votes cast on this resolution by any person who participated in the issue and any associates of those persons.

However, the Company need not disregard a vote if it is cast by a person as a proxy for a person who is entitled to vote, in accordance with the directions on the proxy form; or it is cast by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with a direction on the proxy form to vote as the proxy decides.

Resolution 2: Adoption of Employee Incentive Plan

The Company is seeking shareholder approval to adopt a new Employee Incentive Plan (**EIP**) in order to assist in the motivation, retention and reward of employees of the Company and its subsidiaries. The EIP is seeking to replace the previous shareholder approved Employee Share Option Plan and Employee Share Plans. The Board believes the EIP will form an important part of a comprehensive remuneration strategy for the Company's employees and Directors, aligning their interests with those of shareholders by linking their rewards to the long term success of the Company and its financial performance.

ASX Listing Rule 7.1 imposes a limit on the number of equity securities which the Company can issue in a 12 month period without prior shareholder approval.

Exception 9(b) of ASX Listing Rule 7.2 provides that an issue of securities made under an employee incentive scheme (such as the EIP) is not counted for the purposes of ASX Listing Rule 7.1 provided that certain conditions have been met. One of these conditions is that members have, within the last three years, approved the issue of securities under the scheme as an exception to ASX Listing Rule 7.1. Such shareholder approval is being sought under Resolution 2. Shareholders most recently approved the current EIP in November 2013.

The Company does not presently have any specific intention to issue equity securities that would exceed the Company's capacity to issue equity securities under ASX Listing Rule 7.1 in the absence of shareholder approval. Nevertheless, the Company wish to preserve the flexibility to issue the full 15% for each of the next three years. Approval under this Resolution 2 will provide more scope for the Company to raise additional equity if required.

The EIP has been developed to provide the greatest possible flexibility in choice to the Board in implementing the executive incentive schemes. The EIP enables the Board to offer employees and Directors a number of equity related interests, including Shares, Options and Performance Rights.

A summary of material terms of the EIP is set out as follows:

- the EIP sets out the framework for the offer of Shares, Options or Performance Rights by the Company, and is typical for a document of this nature;
- in making its decision to issue Shares, Options or Performance Rights, the Board may decide the number of securities and the vesting conditions which are to apply in respect of the securities. The Board has broad flexibility to issue Shares, Options or Performance Rights having regard to a range of potential vesting criteria and conditions;
- in certain circumstances, unvested Options or Performance Rights will immediately lapse and any unvested Shares held by the participant will be forfeited if the relevant person is a “bad leaver” as distinct from a “good leaver”;
- if a participant acts fraudulently or dishonestly or is in breach of their obligations to the Company or its subsidiaries, the Board may determine that any unvested Performance Rights or Options held by the participant immediately lapse and that any unvested Shares held by the participant be forfeited;
- in certain circumstances, Shares, Performance Rights or Options can vest early, including following a change of control or other events of a similar nature. For the purposes of this rule, a relevant control event occurs in a number of scenarios in which a third party may acquire 50% or more of the Company’s Shares;
- the total number of Shares that would be issued were each Option, Performance Right and Share under the EIP exercised or vested (as applicable), plus the number of Shares issued in the previous three years under the EIP, must not, at any time, exceed 5% of the total number of Company Shares on issue. Shares issued under the EIP will rank equally in all respects with other Shares and the Company must apply for the quotation of such Shares;
- the Board has discretion to impose restrictions (except to the extent prohibited by law or the ASX Listing Rules) on Shares issued or transferred to a participant on vesting of an Option or a Performance Right, and the Company may implement appropriate procedures to restrict a participant from so dealing in the Shares;
- in respect of vested Options or Performance Rights, if the Board becomes aware of an event which would have resulted in vesting criteria not being satisfied, such as a material misstatement in the Company’s financial statements during the vesting period, any affected vested Options or Rights may be cancelled for no consideration;
- in the event of any reorganisation of the issued capital of the Company on, or prior to, the expiry of the Performance Rights or Options, the rights of the relevant security holder can be changed in the discretion of the Board, including to comply with the applicable ASX Listing Rules in force at the time of the reorganisation; and
- the Board is granted a certain level of discretion under the EIP, including the power to amend the rules under which the EIP is governed and to waive vesting conditions, forfeiture conditions or disposal restrictions.

A copy of the EIP is available to shareholders free of charge on request.

At the date of this Notice, no securities have been issued under the proposed EIP.

The precise number of securities to be issued by the Company to eligible employees under the EIP within the next three years cannot be presently ascertained as it will depend on a variety of factors, including the achievement of Company and individual, financial and non-financial performance measures.

Shareholder loans

Under the EIP, the Board may determine that a loan may be made by the Company to a participant for the purpose of acquiring or subscribing for Shares the subject of an offer under the EIP and such terms and conditions are to be determined with respect to any offer under the EIP.

Shareholder approval by ordinary resolution is sought for the implementation of the EIP, including in compliance with the following laws.

Exemption for financial assistance

Section 260C(4) of the Corporations Act requires shareholder approval by ordinary resolution in order to access the exemption from the prohibition on a company financially assisting the acquisition of shares in itself under section 260A of the Corporations Act. Any proposed loan to participants to fund the acquisition of Shares constitutes financial assistance. The exemption is available where the assistance is given under an employee share scheme that has been approved at a general meeting of the Company.

Exemption for security over own shares

Section 259B(2) of the Corporations Act requires shareholder approval by ordinary resolution in order to access the exemption from the prohibition on a company taking security over shares in itself under section 259B(1) of the Corporations Act. In this case, any proposed mortgage over Shares issued to participants in connection with any loan to fund the acquisition of those Shares constitutes such a security. The exemption is available where the security is taken under an employee share scheme that has been approved at a general meeting of the company.

Board recommendation

The Board unanimously recommends that Shareholders vote in favour of Resolution 2.

Voting Exclusions

The Company will disregard any votes cast on this resolution by any Director (other than a Director who is ineligible to participate in any employee incentive scheme in relation to the Company) and any of their associates.

However, the Company need not disregard a vote on this resolution if it is cast by a person as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form or it is cast by the person chairing the meeting as proxy for a person who is entitled to vote, in accordance with the direction on the proxy form to vote as the proxy decides.

Resolution 3: Approval to Grant Options to Mr Michael Spreadborough (or his nominee)

The Company is seeking shareholder approval for up to 750,000 unlisted options (**Options**) to be issued to Mr Michael Spreadborough (or his nominee) in connection with his appointment as a Non-Executive Director on 8 December 2016 for up to a total of 750,000 fully paid ordinary shares on the terms as described below and in accordance with the Employee Incentive Plan (**EIP**).

Terms of Options

Each Option will have an exercise price of \$0.77 (77 cents), expire three (3) years from the date the grant was approved by the Board, subject to shareholder approval, (17 February 2017) and will, upon exercise, entitle the holder to one fully paid ordinary share in the Company.

The options expire 17 February 2020, the date which is three years from date the date at which the Board agreed to the issue of options subject to shareholder approval. The Options will vest in two equal tranches of 375,000 on 8 December 2017 and 8 December 2018. The Options have a strike price of A\$0.77 per share which is a 20.6% premium to the 30 day volume weighted average price of Clean TeQ shares up to and including 17 February 2017, the date on which the issue was agreed by the Board, subject to shareholder approval.

The Options shall be issued under and subject to the terms of the EIP.

Directors Interest

As at the date of this Notice, Mr Spreadborough has no direct or indirect interest in the Company.

Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party of a public company unless either:

- the giving of the financial benefit falls within one of the exceptions to the provisions; or
- prior shareholder approval is obtained to the giving of the financial benefit.

A “related party” for the purposes of the Corporations Act is defined widely and includes a director of a public company.

A “financial benefit” for the purposes of the Corporations Act also has a very wide meaning. It includes a public company paying money or issuing securities to a related party.

Mr Spreadborough is a related party of the Company due to the fact that he is a Director of the Company. The issue of Options to Mr Spreadborough constitutes a “financial benefit” as described in the Corporations Act. Accordingly, the proposed issue of Options pursuant to this resolution will constitute the provision of a financial benefit to a related party of the Company.

The Board has formed the view that the proposed issue of Options to Mr Spreadborough (or his nominee) does not require shareholder approval under section 208 of the Corporations Act as the issue constitutes “reasonable remuneration” in accordance with section 211 of the Corporations Act. In reaching this view, the Board considers the proposed issue of Options to Director Mr Spreadborough is aligned with shareholder interests. Accordingly, the Board is not seeking shareholder approval under section 208 of the Corporations Act, although shareholder approval must be obtained pursuant to ASX Listing Rule 10.11.

ASX Listing Rule 10.11

ASX Listing Rule 10.11 requires approval of shareholders before securities can be issued to a related party. If approval is given under ASX Listing Rule 10.11 approval is not required under ASX Listing Rule 7.1. Accordingly, shareholders should note that the issue of securities to Mr Spreadborough will not be included in the 15% calculation for the purposes of ASX Listing Rule 7.1.

The following information is given under ASX Listing Rule 10.13 on the Options that are proposed to be issued to Mr Spreadborough:

- (a) the related party is Mr Michael Spreadborough (or his nominee) and he is related by virtue of being a Director of the Company;
- (b) the maximum number of Options to be issued in total is 750,000;
- (c) each Option will have an exercise price of \$0.77 (77 cents), expire on 17 February 2020, three (3) years from the date the grant was approved by the board, subject to shareholder approval, (17 February 2017) and will, upon exercise, entitle the holder to one fully paid ordinary share in the Company;
- (d) full terms of the Options are set out in the Employee Incentive Plan Rules (a copy of which is available to shareholders on request);
- (e) Options will be issued no later than one month after the date of the General Meeting;
- (f) the Options will be issued for nil consideration, as such no cash will be raised from the issue of the Options. Funds raised upon exercise of the Options will be applied to the working capital requirements of the Company at the time of exercise; and
- (g) a voting exclusion statement in the Notice of which this Explanatory Statement forms part and is set out below.

Board Recommendation

The Board (with Mr Spreadborough abstaining), recommends that Shareholders vote in favour of Resolution 3.

Voting Exclusions

The Company will disregard any votes cast on this resolution by a person who is to receive the Options (being Mr Spreadborough) and any associate of that person.

However, the Company need not disregard a vote if it is cast by a person as proxy for a person who is entitled to vote, in accordance with the directions on the proxy form or by the Chairman of the meeting as proxy for a person who is entitled to vote and does not specify the way the proxy is to vote.

Further, a member of the Key Management Personnel and their closely related parties who are appointed proxy will not vote on this resolution unless the appointment specifies the way the proxy is to vote on the resolution or the proxy is the Chairman and the appointment expressly authorises the Chairman to exercise the proxy even though this resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

Resolution 4 and 5: Approval of Long Term Incentive Grant of Performance Rights to Mr Sam Riggall (or his nominee) and Mr Peter Voigt (or his nominee)

Resolutions 4 and 5 of this Notice provide for 411,546 Performance Rights to be granted to Mr Sam Riggall (or his nominee) and 172,969 Performance Rights to be granted to Mr Peter Voigt (or his nominee), and on the terms described below and in accordance with the Employee Incentive Plan (**EIP**).

Performance Rights are proposed to be granted to each of Mr Sam Riggall (or his nominee) and Mr Peter Voigt (or his nominee) to align their interests with the interests of Shareholders. The grant of the Performance Rights (and the subsequent issue of Shares if certain vesting conditions are met) to Mr Sam Riggall (or his nominee) and Mr Peter Voigt (or his nominee) is a cash retentive form of remuneration when compared to the payment of cash consideration.

It should also be noted that the extent to which the Performance Rights will vest is dependent on the shareholder returns generated by the Company outperforming a group of peer companies, which is intended to align the interests of all Shareholders.

The establishment of an effective performance management system assists in maintaining a focus on delivering superior shareholder returns. A key role of this program is to ensure that this objective is achieved. It should be recognised that the achievement of these objectives will be to the benefit of all Shareholders, and the conversion of the Performance Rights can only occur if these benefits are realised.

Consistent with the desire to minimise cash expenditures, the Board believes that in order to incentivise Mr Sam Riggall (or his nominee) and Mr Peter Voigt (or his nominee) in line with current market practices, Performance Rights provide an appropriate and meaningful remuneration component to executive management that is aligned with Shareholder interests.

Terms of Performance Rights

Resolutions 4 and 5 of this Notice provide for a total of 584,515 Performance Rights to be granted to Mr Sam Riggall (or his nominee) and Mr Peter Voigt (or his nominee) as a component of their revised overall executive remuneration package with effect from 1 July 2017.

The Performance Rights will be issued to Mr Riggall and Mr Voigt for nil consideration. The vesting of the Performance Rights is contingent on the Company achieving hurdles over a three year performance period. Further details on how Performance Hurdles are calculated are described below.

The value of the Performance Rights which are proposed to be granted can only be definitively determined at the time of grant, following Shareholder approval.

The Performance Rights shall be issued under and subject to the terms of the EIP.

Conversion of Performance Rights into Shares

Under the EIP, the Company is required to issue, or procure the transfer of, Shares to Mr Riggall and Mr Voigt in respect of Performance Rights for nil cash consideration on:

- (a) the satisfaction of the Performance Hurdles (to the extent of the satisfaction of those hurdles) for the relevant Performance Period three years from the date of each grant of Performance Rights (**Performance Date**) provided that in the absence of special circumstances Mr Riggall and Mr Voigt remains employed by the Company; or
- (b) the occurrence of an Accelerated Event (more detail on the meaning of an Accelerated Event is provided below).

Performance Hurdles

Subject to an Accelerated Event, the Performance Rights will not vest unless the Performance Hurdles have been achieved by the Performance Date.

If the Performance Hurdles are not satisfied by the Performance Date the entitlement to Shares will lapse unless:

- (a) the Nomination & Remuneration Committee decide exceptional circumstances justify the reduction or waiver in whole or in part of the Performance Hurdles; or
- (b) an Accelerated Event occurs.

There is no ability to re-test whether or not the Performance Hurdles have been satisfied after the Performance Period has ended.

The number of Performance Rights which vest is determined by assessing the performance of the Company, as measured by Total Shareholder Return (TSR) at the Performance Date relative to a comparator group of companies (the **Performance Hurdle**). The VWAP of the Shares in the one-month preceding the Performance Date compared to VWAP of the Shares in the one month preceding the grant date, will be used in calculating TSR over the three year period. The TSR incorporates capital returns as well as dividends notionally reinvested and is considered the most appropriate means of measuring the Company's performance.

Performance Rights will only convert to Shares subject to the Performance Period being met and subject to the Company's TSR being at least equal to the median of the comparator group performance. The entire annual allocation will convert if the Company's TSR is at the 75th percentile or higher than the comparator group performance. The detailed breakdown of the relationship between the Company's performance and the conversion of Performance Rights is:

- 0% converting if the Company TSR performance is below the median performance of the comparator group.
