### Update on legal proceedings

**9 August 2024**

Energy Resources of Australia Ltd (**ERA**) refers to its announcement on 6 August 2024 in relation to the commencement of legal proceedings in relation to the decision not to renew the Jabiluka Mineral Lease.

The Federal Court of Australia has today made an interim order to stay the decision to refuse to renew the Jabiluka Mineral Lease, the effect of that decision and its enforcement or execution, pending further order of the Court. The matter has been listed for a case management hearing before the Court on 19 August 2024 to set a timetable for the hearing of ERA's case. Accordingly, the Jabiluka Mineral Lease remains on foot pending further order from the Court.

ERA will keep shareholders informed of material updates in accordance with its continuous disclosure obligations.

This announcement is authorised by the Independent Board Committee.

## **About Energy Resources Australia Ltd**

Energy Resources of Australia Ltd (ERA) has been one of the nation's largest uranium producers and operated Australia's longest continually producing uranium mine.

After closure of the Ranger Mine in 2021, ERA is now committed to creating a positive legacy and achieving world class, sustainable rehabilitation of former mine assets.

The Ranger Rehabilitation Project is located on Aboriginal land and is surrounded by, but separate from, Kakadu National Park. ERA respectfully acknowledges the Mirarr people, Traditional Custodians of the land on which the Ranger Project Area is situated.

ERA's Ranger Project Area (100%) is located eight kilometres east of Jabiru and 260 kilometres east of Darwin, in Australia's Northern Territory. ERA also holds title to the Jabiluka Mineral Lease (100%) and is a signatory to the Long Term Care and Maintenance Agreement over the Jabiluka Mineral Lease.
