Resolution 1: Non-binding resolution to adopt Remuneration Report

"That, for the purposes of section 250R(2) of the *Corporations Act 2001* (Cth) (**Corporations Act**) and for all other purposes, the 2021 Remuneration Report as published in the Directors' Report of the Annual Financial Report of the Company for the year ended 30 June 2021 be adopted."

Further Information

Further details in respect of Resolution 1 are set out in the Explanatory Notes accompanying this Notice of 2021 Annual General Meeting.

As required by the Corporations Act, the Company will disregard any votes cast (in any capacity) on Resolution 1 by or on behalf of:

- (b) a closely related party of a member of any KMP, (including close family members and companies the KMP controls).*

However, a person described above may cast a vote on Resolution 1 as a proxy if the vote is not cast on behalf of a person described above and either:

-
- a. the proxy appointment is in writing that specifies the way the proxy is to vote on the resolution; or
- b. the vote is cast by the chair of the Meeting and the appointment of the chair as proxy:

SPECIAL BUSINESS

Resolution 5: Grant of Options to Mr Rajarshi Ray

5.1 General

Subject to an affirmative vote in respect of Resolution 2, the Board intends to issue Mr Rajarshi Ray and/or his nominee 2,111,540 Options to subscribe for 2,111,540 fully paid ordinary shares in the Company on the terms and conditions set out in Annexure A to these Explanatory Notes. The Options are proposed to be issued to or for the benefit of Mr Rajarshi Ray as remuneration for his services as director of the Company in addition to cash remuneration for Director's fees. This one-off allocation of \$50,000 worth of Options for joining the Board is aligned to creating long-term shareholder value with the exercise price set at 150% of the closing share price on 5 October 2021.

Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party unless either:

- (a) the giving of the financial benefit falls within one of the nominated exceptions to the relevant provisions of the Corporations Act; or
- (b) prior member approval is obtained to the giving of the financial benefit.

The grant of the Options to Mr Rajarshi Ray constitutes a "financial benefit" as defined in the Corporations Act (section 229).

Section 211(1) of the Corporations Act provides an exception to Chapter 2E, if the financial benefit is remuneration to a director of a public company and the remuneration is reasonable given the circumstances of the public company and the director.

The Options are being granted to Mr Rajarshi Ray for the purpose of remunerating him for his services as director of the Company in addition to cash remuneration of A\$65,000 per annum (noting however that this does not include cash reimbursements when expenses are incurred under clause 4.6(e) of the Company's Constitution).

The grant of Director Options is reasonable to Mr Rajarshi Ray as the value of the Options will be moderated in accordance with the terms set out in Annexure A. The grant of the Option is similarly reasonable to the Company, as the Options will allow for the preservation of cash reserves, and will not substantially dilute the remaining member's shareholdings.

The directors have therefore formed the view that Resolution 5 is not subject to Chapter 2E of the Corporations Act, as the Options fall under the exception provided for in section 211(1) of the Corporations Act.

Listing Rule 10.11

Listing Rule 10.11 requires a listed company to obtain member approval by ordinary resolution prior to the issue of equity securities (including the grant of options) to a related party of the Company. Mr Rajarshi Ray is a related party of the Company by virtue of being a director.

Accordingly, approval for the grant of the Options to Mr Rajarshi Ray is required pursuant to Listing Rule 10.11. If approval is given under Listing Rule 10.11, separate approval is not required under Listing Rule 7.1. The members should therefore note that if the issue of Options to Mr Rajarshi Ray is approved under Listing Rule 10.11, the issue will not be included in the 15% calculation for the purposes of Listing Rule 7.1.

Listing Rule 10.13 sets out a number of items which must be included in a notice of meeting proposing an approval under Listing Rule 10.11. For the purposes of Listing Rule 10.13, the following information is provided to the members:

- (a) the Options will be offered, and if accepted, granted to Mr Rajarshi Ray and/or his nominee;
- (b) the maximum number of Options to be issued is 2,111,540;
- (c) the Options will be offered and, if accepted, granted on a date which will be no later than one month after the date of the Annual General Meeting;
- (d) the Options will be granted in addition to the payment of Directors fees;
- (e) no funds will be raised by the grant of the Options as the Options will be issued for nil consideration; and
- (f) the terms and conditions of the Options are set out in Annexure A to this Explanatory Memorandum;
- (g) the Director's total current remuneration package is \$65,000 per annum. Fees for the period 1 July to 31 December 2021 however have been suspended.

From an economic and commercial point of view, the Directors do not consider that there are any material costs or detriments for the Company or benefits foregone by the Company in granting the Options pursuant to Resolution 5.

The Options are being granted in accordance with the Company's remuneration policy and framework, namely that the remuneration is:

- (a) competitive and reasonable, enabling the Company to attract and retain key talent from both the domestic and international market places;
- (b) aligned to the Company's strategic and business objectives and the creation of member value; and
- (c) acceptable and transparent to members.

Resolution 6: Grant of Options to Mr George Venardos

6.1 General

Subject to an affirmative vote in respect of Resolution 3, the Board intends to issue Mr George Venardos and/or his nominee 2,111,540 Options to subscribe for 2,111,540 fully paid ordinary shares in the Company on the terms and conditions set out in Annexure A to these Explanatory Notes. The Options are proposed to be issued to or for the benefit of Mr George Venardos as remuneration for his services as director of the Company in addition to cash remuneration for Director's fees. This one-off allocation of \$50,000 worth of Options for joining the Board is aligned to creating long-term shareholder value with the exercise price set at 150% of the closing share price on 5 October 2021.

Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party unless either:

- (a) the giving of the financial benefit falls within one of the nominated exceptions to the relevant provisions of the Corporations Act; or
- (b) prior member approval is obtained to the giving of the financial benefit.

The grant of the Options to Mr George Venardos constitutes a "financial benefit" as defined in the Corporations Act (section 229).

Section 211(1) of the Corporations Act provides an exception to Chapter 2E, if the financial benefit is remuneration to a director of a public company and the remuneration is reasonable given the circumstances of the public company and the director.

The Options are being granted to Mr George Venardos for the purpose of remunerating him for his services as director of the Company in addition to cash remuneration of A\$65,000 per annum (noting however that this does not include cash reimbursements when expenses are incurred under clause 4.6(e) of the Company's Constitution).

The grant of Director Options is reasonable to Mr George Venardos as the value of the Options will be moderated in accordance with the terms set out in Annexure A. The grant of the Option is similarly reasonable to the Company, as the Options will allow for the preservation of cash reserves, and will not substantially dilute the remaining member's shareholdings.

The directors have therefore formed the view that Resolution 6 is not subject to Chapter 2E of the Corporations Act, as the Options fall under the exception provided for in section 211(1) of the Corporations Act.

Listing Rule 10.11

Listing Rule 10.11 requires a listed company to obtain member approval by ordinary resolution prior to the issue of securities (including the grant of options) to a related party of the Company. Mr George Venardos is a related party of the Company by virtue of being a director.

Accordingly, approval for the grant of the Options to Mr George Venardos is required pursuant to Listing Rule 10.11. If approval is given under Listing Rule 10.11, separate approval is not required under Listing Rule 7.1. The members should therefore note that if the issue of Options to Mr George Venardos is approved under Listing Rule 10.11, the issue will not be included in the 15% calculation for the purposes of Listing Rule 7.1.

Listing Rule 10.13 sets out a number of items which must be included in a notice of meeting proposing an approval under Listing Rule 10.11. For the purposes of Listing Rule 10.13, the following information is provided to the members:

- (a) the Options will be offered, and if accepted, granted to Mr George Venardos and/or his nominee;
- (b) the maximum number of Options to be issued is 2,111,540 ;
- (c) the Options will be offered and, if accepted, granted on a date which will be no later than one month after the date of the Annual General Meeting;
- (d) the Options will be granted in addition to the payment of Directors fees;
- (e) no funds will be raised by the grant of the Options as the Options will be issued for nil consideration; and
- (f) the terms and conditions of the Options are set out in Annexure A to this Explanatory Memorandum.
- (g) the Director's total current remuneration package is \$65,000 per annum. Fees for the period 1 July to 31 December 2021 however have been suspended

From an economic and commercial point of view, the Directors do not consider that there are any material costs or detriments for the Company or benefits foregone by the Company in granting the Options pursuant to Resolution 6.

The Options are being granted in accordance with the Company's remuneration policy and framework, namely that the remuneration is:

- (a) competitive and reasonable, enabling the Company to attract and retain key talent from both the domestic and international market places;
- (b) aligned to the Company's strategic and business objectives and the creation of member value; and
- (c) acceptable and transparent to members.

Resolution 7: Grant of Options to Ms Karina Kwan

7.1 General

Subject to an affirmative vote in respect of Resolution 4, the Board intends to issue Ms Karina Kwan and/or her nominee 703,847 Options to subscribe for 703,847 fully paid ordinary shares in the Company on the terms and conditions set out in Annexure A to these Explanatory Notes. The Options are proposed to be issued to or for the benefit of Ms Karina Kwan as remuneration for her services as director of the Company in addition to cash remuneration for Director's fees. A grant of 279,950 options at an exercise price of \$0.29 to Ms Kwan was approved by shareholders at the Company's 2019 Annual General Meeting. This allocation of \$16,667 worth of Options is aligned to the creation of long-term shareholder value with the exercise price set at 150% of the closing share price on 5 October 2021, aligns Ms Kwan with the proposed arrangements for other Directors, and recognizes the additional commitments resulting from the reduction in the number of Directors.

Related Party Transactions Generally

Chapter 2E of the Corporations Act prohibits a public company from giving a financial benefit to a related party unless either:

- (a) the giving of the financial benefit falls within one of the nominated exceptions to the relevant provisions of the Corporations Act; or
- (b) prior member approval is obtained to the giving of the financial benefit.

The grant of the Options to Ms Karina Kwan constitutes a "financial benefit" as defined in the Corporations Act (section 229).

Section 211(1) of the Corporations Act provides an exception to Chapter 2E, if the financial benefit is remuneration to a director of a public company and the remuneration is reasonable given the circumstances of the public company and the director.

The Options are being granted to Ms Karina Kwan for the purpose of remunerating her for her services as director of the Company in addition to cash remuneration of A\$65,000 per annum (noting however that this does not include cash reimbursements when expenses are incurred under clause 4.6(e) of the Company's Constitution).

The grant of Director Options is reasonable to Ms Karina Kwan as the value of the Options will be moderated in accordance with the terms set out in Annexure A. The grant of the Option is similarly reasonable to the Company, as the Options will allow for the preservation of cash reserves, and will not substantially dilute the remaining member's shareholdings.

The directors have therefore formed the view that Resolution 7 is not subject to Chapter 2E of the Corporations Act, as the Options fall under the exception provided for in section 211(1) of the Corporations Act.

Listing Rule 10.11

Listing Rule 10.11 requires a listed company to obtain member approval by ordinary resolution prior to the issue of securities (including the grant of options) to a related party of the Company. Ms Karina Kwan is a related party of the Company by virtue of being a director.

Accordingly, approval for the grant of the Options to Ms Karina Kwan is required pursuant to Listing Rule 10.11. If approval is given under Listing Rule 10.11, separate approval is not required under Listing Rule 7.1. The members should therefore note that if the issue of Options to Ms Karina Kwan is approved under Listing Rule 10.11, the issue will not be included in the 15% calculation for the purposes of Listing Rule 7.1.

Listing Rule 10.13 sets out a number of items which must be included in a notice of meeting proposing an approval under Listing Rule 10.11. For the purposes of Listing Rule 10.13, the following information is provided to the members:

- (a) the Options will be offered, and if accepted, granted to Ms Karina Kwan and/or her nominee;
- (b) the maximum number of Options to be issued is 703,847;
- (c) the Options will be offered and, if accepted, granted on a date which will be no later than one month after the date of the Annual General Meeting;
- (d) the Options will be granted in addition to the payment of Directors fees;
- (e) no funds will be raised by the grant of the Options as the Options will be issued for nil consideration; and
- (f) the terms and conditions of the Options are set out in Annexure A to this Explanatory Memorandum.
- (g) the Director's total current remuneration package is \$65,000 per annum. Fees for the period 1 July to 31 December 2021 however have been suspended

From an economic and commercial point of view, the Directors do not consider that there are any material costs or detriments for the Company or benefits foregone by the Company in granting the Options pursuant to Resolution 7.

The Options are being granted in accordance with the Company's remuneration policy and framework, namely that the remuneration is:

- (a) competitive and reasonable, enabling the Company to attract and retain key talent from both the domestic and international market places;
- (b) aligned to the Company's strategic and business objectives and the creation of member value; and
- (c) acceptable and transparent to members.

SPECIAL RESOLUTION

Resolution 8 Approval for additional capacity to issue shares under ASX Listing Rule 7.1A

8.1 General

Under ASX Listing Rule 7.1A, an eligible listed entity may obtain member approval by way of special resolution to issue an additional 10% of its issued capital by way of placements over a 12-month period after the date of the annual general meeting (**10% Placement Facility**). This is in addition to the normal 15% that may be issued without member approval under ASX Listing Rule 7.1.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less at the date of the meeting at which approval is sought. As at the date of this Notice, the Company is an eligible entity. The equity securities that the 10% Placement Facility can cover are existing quoted securities, namely the Shares.

If members approve Resolution 8, the exact number of Shares that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated as at the date of issue of the Shares in accordance with the formula contained in ASX Listing Rule 7.1A.2.

Resolution 8 is a special resolution and accordingly requires approval of 75% of the votes cast by members present and eligible to vote.

Approval of Resolution 8 does not oblige the Company to conduct a placement or use the 10% Placement Facility. The approval would provide the Company with additional flexibility and an ability to move quickly if an opportunity arises which requires additional capital.

8.2 Description of ASX Listing Rule 7.1A

(a) Member approval

The ability to issue equity securities under the 10% Placement Facility is subject to member approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company.

(c) Formula for calculating 10% Placement Facility

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

(d) ASX Listing Rule 7.1 and ASX Listing Rule 7.1A.

The ability of an entity to issue equity securities under ASX Listing Rule 7.1A is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

As at 1 October 2021, the Company has on issue 537,599,849 Shares and therefore has a capacity to issue (on the basis that Resolution 8 is approved):

- (i) 80,639,977 equity securities under ASX Listing Rule 7.1; and
- (ii) 53,759,984 equity securities under ASX Listing Rule 7.1A.

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer paragraph (c) above).

(e) Minimum Issue Price

The issue price of equity securities issued under ASX Listing Rule 7.1A must be not less than 75% of the volume weighted average market price of securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the securities are issued.

(f) 10% Placement Period

Member approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the first to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained;
- (ii) the time and date of the entity's next annual general meeting;
- (iii) the time and date of the approval by members of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking) (**10% Placement Period**).

8.3 Technical information required by ASX Listing Rule 7.3A

For the purposes of ASX Listing Rule 7.3A, the following information is provided in relation to Resolution 7:

(a) ASX Listing Rule 7.3A.1: Minimum Price

In accordance with ASX Listing Rule 7.1A, the Company may only issue securities under the 10% Placement Facility at a price that is not less than 75% of the volume weighted average market price of the securities in that class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the issue price of the securities is agreed by the Company and the recipient of the securities; or
- (ii) the issue date (if the securities are not issued within 10 trading days of the date on which the securities are issued).

(b) ASX Listing Rule 7.3A.2: Risk of economic and voting dilution

If Resolution 8 is approved by the members and the Company issues equity securities under the 10% Placement Facility, there is a risk of economic and voting dilution to existing members. As the market price of the equity securities in that class may be significantly lower on the issue date than the date of the Meeting, and because the equity securities may be issued at a price that is at a discount to the market price on the issue date, there is a risk that the 10% Placement Facility may raise less funding than it would otherwise based on the current market prices.

The table below shows the dilution of existing members on the basis of:

- (i) the market price of equity securities and the number of equity securities on issue as at the close of trading on the ASX on 30 September 2021;
- (ii) two examples where the number of equity securities on issue has increased by 50% and 100% respectively; and
- (iii) Two examples where the market price of equity securities has decreased by 50% or increased by 100%

Variable A in Listing Rule 7.1.A.2		Dilution		
		0.023 50% decrease in Issue Price	0.046 Issue Price	0.092 100% increase in Issue Price
Current Variable A 537,599,849	10% Voting Dilution	53,759,985	53,759,985	53,759,985
	Funds Raised	\$1,236,480	\$2,472,959	\$4,945,919
50% increase in current Variable A 806,399,774	10% Voting Dilution	80,639,977	80,639,977	80,639,977
	Funds Raised	\$1,854,719	\$3,709,439	\$7,418,878
100% increase in current Variable A 1,075,199,698	10% Voting Dilution	107,519,970	107,519,970	107,519,970
	Funds Raised	\$2,472,959	\$4,945,919	\$9,891,837

The table has been prepared on the following assumptions, and the Company does not represent that they will necessarily occur:

- (i) the Company issues the maximum number of equity securities available under the 10% Placement Facility
- (ii) no performance rights, performance shares or options that the Company currently has on issue are exercised or vest before the date of the issue of the equity securities;
- (iii) the table only demonstrates the effect of the issues of Shares under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1;
- (iv) the table does not show the dilution that any one particular member will be subject to and that all members should consider the dilution caused to their own shareholding depending on their specific circumstances; and
- (v) the Issue Price is \$0.046, being the closing Share price on ASX on 30 September 2021.

(c) ASX Listing Rule 7.3A.1: Date of issue

Member approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the Meeting until the earlier to occur of:

- (i) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained; and
- (ii) the time and date of the entity's next annual general meeting;
- (iii) the time and date of the approval by members of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking). The approval under ASX Listing Rule 7.1A will cease to be valid in the event the members approve a transaction under ASX Listing Rules 11.1.2 or 11.2.

(d) ASX Listing Rule 7.3A. 3: Purpose of issue

As at the date of this Notice, the Company has not formed an intention to issue any Shares under ASX Listing Rules 7.1A to any particular person or at any particular time.

Some of the purposes for which the Company may issue Shares under the 10% Placement Facility include (but are not limited to):

- (i) raising funds to be applied to the Company's on going technical development, business development resources, marketing resources; and
- (ii) other working capital requirements.

Details regarding the purposes for which any particular issue under the 10% Placement Facility is made will be more fully detailed in an announcement to the ASX made pursuant to ASX Listing Rules 7.1A.4 at the time the issue is made.

(e) ASX Listing Rule 7.3A.5: Allocation policy for issue

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees under the 10% Placement Facility will be determined on a case-by-case basis having regard to the factors including the following:

- (i) the capital raising and acquisition opportunities available to the Company and any alternative methods for raising funds or acquiring assets that are available to the Company;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) the financial situation and likely future capital requirements of the Company; and
- (iv) advice from corporate, financial and broking advisors (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice and may include existing substantial members and/or new members (such as professional and sophisticated investors), but the allottees must not include any Directors, Related Parties or associates of a Related Party of the Company without specific member approval.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 upon issue of any Shares under the 10% Placement Facility.

(f) Specific information required by Listing Rule 7.3A.6(a)

The total number of equity securities issued under Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting, and the percentage they represent of the total number of equity securities on issue at the commencement of that 12-month period is outlined below:

Equity securities issued prior 12 month period under Listing Rule 7.1A.2	34,384,986
% previous issues representative of total number of equity securities on issue at commencement of 12 month period	10 %

(g) Specific information required by Listing Rule 7.3A.6(b)

The details of all issues of equity securities issued under Listing Rule 7.1A.2 during the 12 months preceding the date of the meeting is outlined in Annexure B of these Explanatory Notes.

(h) ASX Listing Rule 7.3A.7: Voting exclusion statement

A voting exclusion statement is included in the Notice accompanying this Explanatory Statement. As at the date of this Notice, the Company is not proposing to make an issue of equity securities under rule 7.1A.2.

8.4 Directors' recommendation

The Board unanimously recommends that members vote in favour of Resolution 8.

SPECIAL RESOLUTION

Resolution 9: Approval of the reinstatement of the Proportional Takeover Provisions

9.1 General

Article 2.11 of the Company's Constitution contains a proportional takeover approval provision, (providing that if an offer is received for a specified proportion of the Company's shares, a shareholders' meeting must approve the takeover bid before it may take effect).

If that approval is obtained, the offer may proceed. If the approval is not obtained, the offer will be taken to have been withdrawn. The provisions do not apply to an offer under a takeover bid for all of the Company's shares. Under the Corporations Act and Article 2.11 of the Company's Constitution, the provisions must be renewed every three years or they will cease to have effect.

The current provisions have ceased to have effect as they were last approved with the constitution more than three years ago. It is proposed to now renew re-instate those provisions in the Constitution. If renewed, Article 2.11 will operate on the same basis as described above for a period of three years from the date of the Annual General Meeting.

The main advantage of a proportional takeover approval provision is that shareholders have an opportunity to study a proportional takeover bid proposal and, if they believe that control should not be permitted to pass under the bid, vote on the proportional takeover to prevent it from proceeding. In other words, this enables the views of shareholders to be formally ascertained.

A proportional takeover bid may result in control of the Company changing without shareholders having the opportunity to dispose of all their shares and there may be a risk of a potential bidder being able to

acquire control of the Company without paying an adequate control premium. As such, the proportional takeover approval provision may assist shareholders in avoiding being locked into a relatively powerless minority position and increase shareholders' bargaining power to require that a full bid, rather than partial bid, be made.

It may also assist in ensuring that any proportional bid is adequately priced and is structured so as to be attractive to a majority of shareholders. By determining the views of a majority of shareholders, it assists each individual shareholder in assessing the likely outcome of a proportional takeover bid and whether to approve or reject that offer. The Directors consider that it is appropriate for Shareholders to have this right.

The consequence of this is that all shareholders can avoid the risk of being a minority shareholder in a company controlled by a single dominant shareholder. Many listed companies have a proportional takeover approval provision in their Constitution as it allows shareholders to determine whether a proportional takeover bid should proceed.

The potential disadvantages of the renewal of the proportional takeover provision for Shareholders are: (a) it may reduce the opportunities that Shareholders have to sell some of their shares; and (b) it may be considered to constitute a restriction on the ability of shareholders to freely deal with their shares.

The Directors consider that there are no advantages or disadvantages of a proportional takeover approval provision from the Directors' perspective as they remain free to make a recommendation to shareholders on whether a proportional takeover bid should be accepted.

As at the date of the Notice of Meeting, no Director is aware of any proposal by a person to acquire or to increase the extent of a substantial interest in the Company.

Copies of the current Constitution which contain Article 2.11 are available on the Company's website. On balance, the Directors consider that the potential advantages for shareholders of the proportional takeover approval provisions outweigh the potential disadvantages and accordingly, your Directors recommend that shareholders approve the proposal to renew the proportional takeover provisions in Article 2.11 of the Company's Constitution.

Article 2.11 is set out in Annexure C to these Explanatory Notes.

9.2 Directors' recommendation

The Board unanimously recommends that members vote in favour of Resolution 9.
